PUBLIC SERVICE
COMMISSION

To Whom It May Concern:

Regarding: Serving Members

As one of the owners of Windy Hollow Campground in Owensboro, I am forced to use Kenergy as my electric source.

Two weeks ago, I was informed by Kenergy that the reason my bill was alot more was because Kenergy failed to negotiate with an aluminum plant to keep them with Kenergy, my question is why? Kenergy wasnt looking out for my interest But they should have been.

As a business women for 30 yrs I can tell you I would have not left the table until an equable (for both parties) was reached.

I have talked to Mr Jeff Hohn, CEO of Kenergy, to be a board member because my feeling is that no one wins, when there is only (3) board members at Kenergy and (3) board members in Frankfort. In my opinion, this doesnt constitute enough diversity especially when one of the board members secretary at Kenergy refused to talk to me saying "He doesnt want to talk to you" then later called back to apologies, but the first statement was the most correct.

Could you please see what you can do!

Sincerely
Sharon Castley
Windy Hollow Campground
