INTRA-AGENCY MEMORANDUM
KENTUCKY PUBLIC SERVICE COMMISSION

TO: Case File No. 2015-00315
FROM: David Spenard, Staff Attorney
DATE: March 24, 2016
RE: Informal Conference of March 3, 2016

Pursuant to the Commission Staff's March 2, 2016 notice, an informal conference was held in this matter on March 3, 2016, to discuss the status of and issues in this case. A sign-in sheet containing the names of the attendees is attached.

At the start of the conference, Mr. Spenard stated that Commission Staff would prepare minutes of the conference for the case record, that a copy of the minutes would be provided to all parties, and that all parties would be given an opportunity to submit written comments upon those minutes. Mr. Spenard stated that the views of Staff were not binding on the Commissioners.

Staff and the representatives of Monroe County Water District ("Monroe District") discussed issues relating to the proposal of Monroe District to construct a water treatment facility, elevated storage tank, and water transmission and distribution mains as well as the financing for the proposal. Monroe District explained the status of the remaining permits that are necessary for the project. Monroe District also discussed its water supply concerns and efforts to address those concerns, including efforts to obtain a regional (multi-party) solution. Monroe District identified the status of its contracts for the proposal and discussed the time-sensitive nature of the requested approval.

There being no further business, the informal conference adjourned.
