Re: Case No. 2017-00184

Dear Ms. Mathews:

Kentucky Rural Water Association conducted a training session for Oldham County Water District on June 1-2, 2017. This session was held at the Water District Office in LaGrange, Kentucky. Although the training was held as scheduled, no commissioners were able to attend this session.

The Kentucky Board of Certification of Water Treatment and Water Distribution System Operators approved this training for continuing education credit. A copy of the e-mail indicating their approval code is enclosed. This class was not submitted to any other agencies for training credit.

Kentucky Rural Water Association would like to thank the Kentucky Public Service Commission and staff for their leadership and support in approving the training offered during this session.

Sincerely,

Janet Cole

Subject: May Board Meetings

Hi Veronica:

Would you be able to send me the approval codes for the two classes we submitted for the May board meetings? Both were requesting wastewater and water continuing education credit.
