Subject: Ledbetter Water & Sewer Rates

Dear PSCED:

As you already know, our water and sewer rates have been pushed to the points where citizens share bath water. No more vegetable gardens or washing your car. This is unethical to have rates so high, people can't even grow vegetables or afford the most basic need of water. This is unethical and criminal when your water bill is higher than your electric bill.

I am grasping as to how the PSC keeps jacking these rates without looking for solutions. Please help the 800 plus citizens who are on the sewer system. It is **NOT** their fault. **THIS HAS REACHED A CRITICAL POINT!!!**

We know that the Ledbetter Water District requested to increase its water an sewer rates. We are aware of the two phase rate increase on September 10, 2018 ordered by the PSC. And also on September 24, 2019 and again on June 26, 2020....we know the **complete** history with Ledbetter/Sewer Water.

It is the Commissions statutory duty to ensure the rates are fair and reasonable. **THE COMMISSION HAS FAILED** in their statutory duties!! These rates are **not** fair, they are **not** reasonable, they are **not** affordable and furthermore, they are **unethical.....**and you know it!!!

Respectfully,

Betty Myrick

I wish this to be read to each Public Service Commissioner.

"Parents need to fill their child's bucket of self-esteem so full that the rest of the world can't poke enough holes in it to drain it dry." Author unknown.

Subject: Water and Sewer Rates

I am writing to you to express my concern of the extremely high rates for our water and sewer in Ledbetter Ky.

There are many elderly and disabled people ,on fixed income that live in our community. Some of them have water and sewer bills in the &100.00 range. That is very hard for them to pay on a fixed income.

Our water and sewer rates are going up another 15 % .This is a real hardship on many people in our community. People are moving out of our community because of the extremely high water and sewer rates.

We have been paying for our (new) sewer for over 26 years ,and still owe over \$ 2 million on two loans.

Any thing that you could do to help us out would be greatly appreciated by our community.

Thank You,
Rickey McIntyre
Ledbetter Ky.
