IN RE: West Shelby Water District's request for Certificate of Public
Convenience and Necessity for a new storage building
Case No: 2018-00196
Supplemental Information requested by PSC since 8/31/18 Order

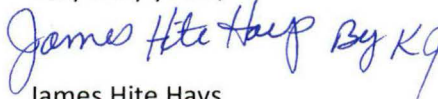

Dear Ms. Pinson:

As Attorney for West Shelby Water and pursuant to your requirements contained in your Order dated August 31, 2018, I submit the following regarding the sale of real estate located at 7101 Shelbyville Road, Simpsonville, Kentucky:

- We had previously requested sealed bids and received 2 and neither of them were sufficient, thus West Shelby Water rejected both bids;
- Another party came forward after the sealed bid deadline and offered a substantial more amount to purchase said property, namely \$272,000, which was higher than our previous highest bid of \$260,995.00;
- West Shelby Water intends to accept this \$272,000 offer, sign a contract with the prospective purchaser, and proceed to close within the next 15 days.

Thank you for your attention to this matter, and please feel free to contact me at your convenience if you need further information.

Very truly yours,

James Hite Hays

Attorney for West Shelby Water District
