Dear Sir,

I am writing to request you to revisit your approval of the monthly customer charge of \$17.50 plus the school and franchise fees of .53 and .18 totaling \$18.21 for Atmos Gas. I was unaware of the reason for this amount each month until one bill this spring when the bill reflected no usage. When I called to request a refund on the next month's bill, I was informed that your Commission had approved this monthly charge. I could certainly understand this charge for a month or two to cover the cost of installing lines etc. My other utilities (gas and water - B.G.M.U.) did charges an initial fee for installation but not a recurring monthly charge. Roughly that means I have charged this fee \$16 a year and more than \$10,800 for just 50 years. This appears to me to be an unreasonable profit for Atmos Energy. Please revisit your approval for this and request a refund and discontinuance of this monthly fee after initial reasonable fees.

Sincerely,

Mrs. Jacky Shadwin
