Subject: 2022-00053 - Jessamine-South Elkhorn Water District

Overall the proposed sewer rate adjustment is ridiculously high and there doesn't seem to be a clear reason for the adjustment especially since it is just for a small part of the overall district.. Since living at this address there has been a rate adjustment annually and overall this will increase the sewer bill for this district substantially, over 20% I don't understand why there isn't an overall increase in the entire county.

Respectfully,
Jessica Chaney
