RE: Case No. 2023-00026

Dear Ms. Johnson:

On January 25, 2023, Buffalo Trail Water Association (Buffalo Trail) filed a Purchased Water Adjustment Application (PWA) with the Commission. The Commission issued an Order approving the proposed purchased water adjustment on February 24, 2023. Upon reviewing the compliance tariff filed as a result of that case, it was determined that Buffalo Trail had neglected to include its 4-inch meter rate schedule in its PWA.

Based on conversations Commission Staff had with Buffalo Trail after the fact, it was determined that Buffalo Trail does still have customers on the 4-inch meter rate schedule. Therefore, Buffalo Trail needs to file a letter with the Commission stating that they do have customers on the 4-inch meter rate schedule and that they inadvertently left that customer rate off the PWA application so that the Commission has evidence to make a decision in this matter. The PWA Final Order may need to be amended to include the 4-inch meter rate.

The letter should be submitted within 10 days of the date of this letter. If you have any questions, please contact Andrew Bowker, Staff Attorney, at (502) 782-2580.

Sincerely,

A handwritten signature in blue ink that reads "Linda C. Bridwell".

Linda C. Bridwell, PE
