Subject: Case No. 2023-00263 - Banjo Creek Solar Project

[REDACTED]

[REDACTED]

Dear Kentucky PSC:

My name is Teri Coltharp Claeson and I am writing in support of the Banjo Creek Solar project in Farmington, Kentucky. My Dad, Donald Coltharp, and step mother, Linda Coltharp, have worked the last 40 years to acquire and farm the land they own that they now want to lease to Banjo Creek for solar panel installation. It would be unfortunate if neighbors in the area could essentially dictate what my Dad can do with his land, if the project is not approved.

It appears that alternative energy sources are going to play a large part in the future for us and generations to come. It would be forward thinking for the Farmington community and the West Kentucky region if this project were approved. Solar energy and the panel project will bring more economic development to the area, including tax revenue for the county and the state.

I hope you will vote to approve this project. Thank you for your time!

Teri Claeson
