**RULES AND REGULATIONS
KENTUCKY PUBLIC
SERVICE COMMISSION**

4. Obligation to Extend

A. Overhead and Underground to Permanent Dwelling:

For this policy, a permanent dwelling shall be one which has an approved septic system and is expected to be utilized as a year-round living facility, including double- or singlewide mobile homes.

- 1. An extension of 1,000 feet or less shall be made by FME to its existing distribution system without charge for a prospective member who shall apply for and contract to use the service for one (1) year or more and provides guarantee for such service. The "service line" to the point of attachment shall not be included in the foregoing measurements. (T)
- 2. For an extension beyond 1,000 feet (excluding service line) the member shall be charged \$3.00 per foot. Excessive right-of-way charges may be applicable. Right-of-way charges will be based on the hourly cost that FME has contracted. This price is subject to change. (T)
- 3. Each member receiving service under such extension will be reimbursed under the following plan: each year, for a refund period of not less than ten (10) years, FME shall refund to the member(s) who paid for the excessive footage the cost of 1,000 feet of extension in place for each additional member connected during the year whose service line is directly connected to the extension installed and not to extensions or laterals therefrom. Total amount refunded shall not exceed the amount paid to the utility. No refund shall be made after the refund period ends. (T)

B. Service to Barns, Camps, Temporary Structures, Signs and/or Facilities other than Permanent Dwellings:

- 1. All extensions of up to 300 feet from the nearest facility shall be made without charge. (D)
- 2. All extensions over 300 feet will be billed at \$3.00 per foot. Excessive right-of-way charges may be applicable. Right-of-way charges will be based on the hourly cost that FME has contracted. This price is subject to change. (T)
- 3. Each member receiving service under such extension will be reimbursed under the following plan: each year, for a refund period of not less than ten (10) years, FME shall refund to the member(s) who paid for the excessive footage the cost of 1,000 feet of extension in place for each additional permanent structure connected during the year whose service line is directly connected to the extension installed and not to extensions or laterals therefrom. Total amount refunded shall not exceed the amount paid to the utility. No refund shall be made after the refund period ends. (T)

RULES AND REGULATIONS

KENTUCKY PUBLIC SERVICE COMMISSION

- C. FME will install underground distribution lines under the following conditions: (T)
 - 1. Where appropriate contractual arrangements have been made, FME shall install an underground electric distribution system of sufficient capacity and suitable materials which, in its judgment, will assure that all property owners will receive safe and adequate electric service for the foreseeable future. (T)
 - 2. Equipment such as transformers, pedestal mounted terminals, switching equipment and meter cabinets may be placed above ground, supplied by FME and installed by member. Conduit will be supplied and installed by member. (T)
(N)
(N)
 - 3. FME shall furnish, install, and maintain the service lateral conductor to the Applicant's meter base, which normally will be at the corner of the building nearest the point to be served. (D)
(T)
 - 4. Plans for the location of all facilities to be installed shall be approved by FME and the Applicant prior to construction. Alterations in plans by the Applicant which require additional cost of installation or construction shall be at the sole expense of the Applicant.
 - 5. FME shall not be obligated to install any facility until satisfactory arrangements for the payment of charges have been completed by the Applicant. (T)
 - 6. All electrical facilities shall be installed and constructed to comply with the rules and regulations of the Public Service Commission, National Electric Safety Code, Fleming-Mason Energy Specifications, or other rules and regulations which may be applicable.
 - 7. Service pedestals and method of installation shall be approved by Fleming-Mason Energy prior to installation.
 - 8. In unusual circumstances, when the application of these rules appear impracticable or unjust to either party, or discriminatory to other members, FME or Applicant shall refer the matter to the Commission for a special ruling or for the approval of special conditions which may be mutually agreed upon, prior to commencing construction. (T)
 - 9. Rights of Way and Easements
 - a. FME shall construct, own, operate and maintain distribution lines only along easements, public streets, roads and highways which are by legal right accessible to the utility's equipment and which the utility has the legal right to occupy, and on the public lands and private property across which rights of way and easements satisfactory to FME are provided without cost or condemnation by FME. (T)

PURSUANT TO 807 KAR 5:011 SECTION 9 (1)

RULES AND REGULATIONS

- b. Right of way and easements suitable to FME for the underground distribution facilities must be furnished by the Applicant in reasonable time to meet service requirements. (T)
The Applicant shall make the area in which the underground distribution facilities are to be located accessible to FME's equipment, remove all obstructions from such area, stake to show property lines and final grade, perform rough grading to a reasonable approximation of final grade, and maintain clearing and grading during construction by FME. Suitable land rights shall be granted to FME obligating the Applicant and subsequent property owners to provide continuing access to the utility for operation, maintenance or replacement of its facilities, and to prevent any encroachment in the utility's easement or substantial changes in grade or elevation thereof. (T)

- D. Special Extensions (T)
When FME is required to convert existing facilities, construct new facilities, or add to the prevailing distribution facilities to provide multi-phase service, the applicant will be required to make an advance contribution in aid of construction equivalent to estimated labor and overhead cost to construct the requested facility, with credit given for five years' of estimated return on investment. (T)

XVII. General

- 1. Office of System (T)
Whenever these regulations provide that notice be given or sent to FME, or office of FME, such notice delivered or mailed, postage prepaid, shall be deemed sufficient. The date of receipt shall be considered the working day received at FME's office or post office box. (T)
- 2. No Prejudice of Rights (T)
The failure by FME to enforce any of the terms of this Tariff shall not be deemed as a waiver of the right to do so. (T)
- 3. Billing Charges (T)
Where members are found to be on an improper rate, as the result of an investigation, made at Member's request or by routine inspection, the change of billing to the proper rate will apply to the bill for the month during which the discovery is made. (T)
- 4. Exceptional Cases (T)
The usual supply of electric service shall be subject to the provisions of this Tariff; but where special service-supply conditions or problems arise for which provisions are not otherwise made, FME may modify or adapt its supply terms to meet the peculiar requirements of such cases after such changes as indicated are approved by the Energy Regulatory Commission. (T)
- 5. Assignment (T)
Subject to the Rules and Regulations, all contracts made by FME shall be binding upon and oblige, and insure to the benefit of the successors and assigns, heirs, executors, and administrators, of the parties thereto. (T)

RULES AND REGULATIONS

Definitions of Term and Explanation of Abbreviations

AC	Alternating current.	
Available Rate	A rate which may be obtained by a member if his use of service conforms to the character of supply contemplated in a rate and his location is such that this service can be supplied from existing facilities of FME or can be reached by an extension not exceeding 1,000 feet in length.	(T) (T)
Billing Demand	The assessed or measured demand after correction, if any, for power factor.	
Connected Load	The aggregate of all devices on the premises of the Member which are connected to FME's service, or which can be simultaneously connected by the insertion of fuses or by closing of a switch, the manufacturer's correct rating being used to determine the magnitude of the load. In absence of such manufacturer's rating, or whenever a test by FME shall indicate improper design or rating of a device, the rating will be determined on the basis of the kilovolt-amperes required for its operation.	(T) (T) (T)
Continuous Service	Service which FME endeavors to keep available at all times.	
Member	Any person, firm, corporation or body politic applying for or receiving service from FME.	(T)
Demand	The maximum rate-of-use of energy. The demand may be measured by a recording or indicating instrument showing, unless otherwise specified, the greatest fifteen-minute-rate-of-use of energy.	(D)
Energy Charge	A charge based on kilowatt-hours use.	
HP	Horsepower as used therein, horsepower shall be computed as the equivalent of 746 watts.	
kVA	Kilovolt-ampere – unit or measurement of rate-of-use which determines electric capacity required; it is obtained by multiplying the voltage of a circuit by its amperage.	
KW	Kilowatt – amount of measurement of rate-of-use of electrical energy; 1,000 watts.	
kWh	Kilowatt-hour – unit measurement of quantity of energy; an amount equivalent to the use of 1,000 watts for one hour.	
Limited Period Service	Service which will be supplied only during certain hours of the day of the year as stated in the rate or rider to which it applies.	
Month	A month under the Tariff means one-twelfth of a year, or the period of approximately thirty (30) days between two consecutive readings of FME's meter or meters installed on the Member's premises.	(T) (T)

RULES AND REGULATIONS

Point of Delivery	That single point at which the service supply lines or other equipment of FME terminate and the Member's facilities for receiving the service begin.	(T) (T)
Power Factor	As used herein, power factor, is in a single-phase circuit, the ration of the watts to the volt-amperes, and in a polyphase circuit, is the ratio of the total watts to the vector sum of the volt-amperes in the several phases.	
Pronouns	The masculine, singular, pronoun relates to Member, whether male, female, partnership, or Corporation.	(T)
Property Line	The division-line between land held in or for private use, and land in which the public or FME has a right of use; or, the division line between separately owned or occupied land.	(T)
Service	The supply of capacity for use by the Member, including all things done by FME in connection with such supply.	(T)
Standard Single-Phase Secondary	Alternating current, 60 cycles, nominally 120 volts, 2 wires, or nominally 120-240 volts, 3 wires.	
Standard Polyphase Secondary	Alternating current, 60 cycles, nominally 240 volts, 3 phase, 3 wires.	
Standard Primary	Unregulated alternation current, subject to special contract.	
Standard High Tension	Unregulated alternating current, subject to special contract.

SAMPLE BILL

FLEMING-MASON ENERGY COOPERATIVE, INC.
1442 Elizaville Road, Flemingsburg, KY 41041 • (606) 845-2861 • Toll Free: (800) 464-3144
www.fme.coop

The following information explains items that appear on your bill. Rate schedules available by request or online at www.fme.coop.

Electric Charge

Kilowatt hours used multiplied by the current rate plus the fixed monthly customer charge.

Fuel Adjustment Factor

Monthly variable rate which may be a charge or credit depending on the cost of fuel used to generate power. Calculated as a cost per kilowatt hour used.

Environmental Surcharge

Monthly variable rate that covers the cost incurred by power suppliers to meet government-mandated reductions in pollution levels.

REPORT A POWER OUTAGE

Before calling Fleming-Mason, check your electric panel for a blown fuse or tripped breaker.

If the above does not restore your electric service, please call (800) 464-3144 to report your outage. Available 24 hours a day.

Automated Payments

Our automatic payment plan (using bank draft or credit/debit card) offers a convenient way to pay your bill on the due date each month. Sign up online or call the office for details.

Prepay Metering Program

Pay for your energy before you use it. Enroll with an initial minimum of \$100 in your prepay account. No monthly bill is mailed, no late fees, and no deposit needed. You must have access to text messages or email to enroll in this service.

Levelized Billing

Take the guesswork out of budgeting for your electric bill! Based on a rolling average, levelized billing does not settle out. Payments may vary depending on your 12-month history. Must be on service for at least one year.

Text or Email Alerts

Sign up to receive payment confirmations, daily or high usage alerts, and more! Call the office or sign up online at www.fme.coop.

E-Bill Option

Sign up to receive your latest bill via email on the day it is available - no more waiting! Call us today.

Payment Options

- Text to Pay - Send PAY to 352867 to start.
- Online - visit our website at www.fme.coop to set up an account.
- FMEnergy App - visit the app store at iTunes or Google Play and download the app today! Account set up required.
- Automated Payments - pay each month on the due date without worry! Use your bank account or credit/debit card.
- Telephone - Call us anytime at (800) 464-3144 to use our Automated Payment system.
- Mail - Use the enclosed return envelope. Please allow at least a week for mail delivery.
- In-Person - visit our address above. Convenient drive-thru window and night depository available.
- CheckOut by PayGo - use the barcode below and pay your bill in cash at Family Dollar, Dollar General, Speedway, CVS, and more. There is a service fee of \$1.50 paid to the vendor.
