Kentucky Utilities Company

P.S.C. No. 21, Original Sheet No. 26

Standard Rate **EHLF** N

Extremely High Load Factor Service

APPLICABLE

In all territory served.

AVAILABILITY

Available only for new Customers: 1) with a contract capacity greater than 50 MVA, and 2) an expected average monthly load factor above 85%. Company has the authority to aggregate accounts for the purpose of accurately evaluating the actual minimum capacity threshold of a customer or facility and require the customer(s) to take service under Rate EHLF when reasonable. Therefore, if Company determines a Customer is attempting to circumvent the availability of Rate EHLF by siting multiple electric consuming facilities that would, in aggregate, meet the availability criteria of Rate EHLF, Company will serve each such facility under the terms of Rate EHLF.

The terms and conditions of service under this schedule shall apply upon a request for service by an eligible Customer but service to Customers under this schedule will not commence until the Company has sufficient capacity to meet the contractual load requirements.

Customer's initial contract term, load ramp, load ramp period, contract capacity, and other terms of service will be prescribed in the Electric Service Agreement executed between Company and Customer. All EHLF Electric Service Agreements will be filed with the Kentucky Public Service Commission.
