

CONTRACT FOR ELECTRIC SERVICE

This contract made and entered into this 24th day of October, 20 11 by and between Louisville Gas And Electric Company ("Company") and Millennium Forge, Inc ("Customer").

WITNESSETH:

Beginning See Comments, or as soon thereafter as connection is made, Company will sell and deliver to Customer at 990 West Ormsby Ave. Louisville, KY, for the operation of a forging operation.

All electric capacity and energy taken under this contract will be delivered as 3 phase, 60 cycle, alternating current, at a nominal voltage at the point of delivery of 13,800 volts, metered and billed as Primary service.
Secondary/Primary/Transmission

This point of delivery requires an estimated system capacity of 5,000 kW, or kVA as is appropriate, of Contract Capacity.

Each month Customer will pay to Company for all capacity and energy delivered to Customer in the preceding billing period an amount determined in accordance with ITOD-P Rate Schedule and, as is appropriate, the EDR Rider, contract attached if required, the _____ Rider, contract attached if required, and the _____ Rider, contract attached if required.

Comments:

Service under this contract begins with the first billing period following Commission approval of the Economic Development Rider Service.
Contract Capacity reflects only existing load. Expanded load of 2,000 kVA to be billed under EDR will be added to the Contract Capacity beginning with the sixth (6th) service year.

TARIFF PROVISIONS:

It is mutually agreed that Company's general terms and conditions and applicable rate schedule, as from time to time approved by and on file with the Public Service Commission of Kentucky, are made a part of this contract as fully as if written here.

IN WITNESS WHEREOF, the parties hereto have caused this contract to be executed by their duly authorized representatives this day and year shown above.
