

LOUISVILLE GAS AND ELECTRIC COMPANY

STANDARD RIDER

Heating Season Discount for Residential

Electric Space Heating Service

Electric

Effective in:

All territory served.

Applicable to:

Residential Electric Rate R.

During the eight monthly billing periods from October through May a discount of one-half cent (1/2¢) per kilowatt hour will be allowed on that portion of Residential Rate R consumption in excess of 600 kilowatt hours per month to any residential customer who has permanently installed and in regular use during the heating season an approved type of electric space heating installation, wired for electric service at nominally 240 volts, and designed and used as the primary and predominating source of his total household space heating requirements. The eight monthly billing periods referred to above shall start with the monthly period covered by regular October meter reading and shall end with the period covered by the regular meter reading in May of the succeeding year.

In case of multiple dwelling units served through a single meter under Residential Rate R the discount of one-half cent per kilowatt hour herein provided for shall apply only to that portion of total monthly consumption in excess of 600 kilowatt hours multiplied by the number of individual family units thus served.

10-19-61

Special Conditions:

Service under this rider is available only upon written application and subject to Company's inspection for the purpose of establishing eligibility of Customer's heating installation for service hereunder.

LOUISVILLE GAS AND ELECTRIC COMPANY

STANDARD RIDER

Special Rate for Non-Residential  
Electric Space Heating Service Electric

Effective In:

All territory served.

Applicable to:

General Lighting Rate GL and General Power Rate GP.

Availability:

The special rate set forth in this rider shall be available during the eight monthly billing periods from October through May (hereinafter called "heating season") to customers regularly taking electric service under Rate GL or GP. Such special rate shall apply to separately metered service to electric space heating equipment installed and operated in accordance with the terms and conditions herein set forth.

Rate:

For all consumption recorded on the separate meter during the heating season the net rate shall be 1.5 cents per kilowatt hour. Prompt payment provision of the rate schedule to which this rider applies shall be applicable to service under this rider.

Minimum Bill:

The minimum charge for service under this rider shall be not less than \$100.00 per heating season, nor less than \$10.00 per kilowatt of connected load per heating season, whichever is the greater. This minimum charge is in addition to the regular minimum of the standard rate schedule to which this rider applies.

5/24/61

Special Terms and Conditions:

1. Service under this rider is available only upon written application and subject to Company's inspection for the purpose of establishing eligibility of Customer's heating installation for service hereunder.
2. The design, type, and manner of operation of Customer's space heating installation served hereunder must be acceptable to Company. The heating equipment shall be of approved type, either resistance or heat pump, designed and used as the primary and predominating source of heat during the full heating season for a building or an enclosed and well-defined section of a building. Under no circumstances will this rider apply to an electric heating installation used as a supplement to some other form of space heating.
3. The heating equipment served hereunder shall be supplied with electrical energy through one or more special circuits so designed and constructed that no other electricity consuming devices may be connected thereto. Provided, however, that when heat pump, air cooling or air circulating equipment is used in connection with the heating installation,
