## CLASSIFICATION OF SERVICE

Power Service

RATE  
PER UNITRates:

Same as O.P. - 1 with the exception of the Fuel Clause as follows:

Fuel Clause:

It is understood and agreed that in case the average cost of coal delivered in the storage bins of the Company at its generating station, including freight, switching and car service charges, consumed at said generating plant exceeds \$2.00 per ton for any month, there shall be added for each such month to all net bills, based on the rate above stated, an additional sum equal to \$.0002 per kilowatt hour (KWH) for each 10¢ increase in the cost of coal above \$2.00 per ton.

It is also understood and agreed that in case the average cost of coal so consumed for any month shall be less than \$1.50 per ton, then the Company shall credit to the customer for such month a sum equal to \$.0002 per kilowatt hour (KWH) for each 10¢ decrease in the cost of coal below \$1.50 per ton.

The Company shall include with the monthly bill for demand and energy charges, the charges or credits due for such month under the terms of this clause, and the consumer shall pay such charges or shall receive such credits within ten (10) days after the date of the bill; and such charges or credits shall be net, bearing no discount.
