All Electric Heating Residential and Farm Rate

RATE PER UNIT

Applicable:

Entire territory served.

Availability of Service:

Available only for electric service to customers of the Cooperative located on its lines using electricity primarily for the purpose of home heating in addition to all other uses, including lighting, all incidental appliances, refrigeration, air-conditioning, cooking, and power for motors up to and including five horsepower (5 H.P.) or a total connected motor load not in excess of seven and one-half horsepower (7½ H.P.); all subject to the established rules and regulations of the Corporation covering this service.

Character of Service:

Single Phase.

Rates:

First	13	KWH	per	month	\$	1.25
Next	27	"	"	"		.06
Next	40	"	"	"		.04½
Next	120	"	"	"		.02½
Next	800	"	"	"		.01½
All over 1000	"	"	"	"		.01½

3-1-62

All over 1000 KWH per month used during the heating season from October 1 through May 31 of each year shall be billed at \$.01½ per KWH less a discount of twenty-five percent (25%). The discount rate of twenty-five percent (25%) applicable only when electricity is used primarily for home heating in addition to all other uses as stated.

In no case shall the monthly minimum bill be less than \$1.25 per month.

CLASSIFICATION OF SERVICE

Schedule 1-EH and 3-EH - Continued

RATE PER UNIT

Minimum Bill:

The minimum monthly charge under the above rate shall be \$1.25 net where 3 KVA or less of transformer capacity is required. For each customer who requires more than 3 KVA of transformer capacity, the minimum shall be increased 75¢ for each additional KVA or fraction thereof required.

Consumers using all electric heat may guarantee a minimum annual payment of twelve times the required minimum monthly charge determined in this section in which case there shall be no additional minimum monthly charge.

Terms of Payment:

The above rates are net, the gross rates being ten percent (10%) higher. In the event the current monthly bill is not paid within ten (10) days from the due date, the gross rates shall apply.

Special Terms and Conditions:

Service under this schedule is subject to the Special Terms and Conditions set forth on rate Sheets 2 and 3 Code 1-NF and 3-F.

Special Terms and Conditions Relating to the Application of Residential and Farm Rate

Multiple-Family Dwellings:

Residential and Farm rates, Code 1-NF and 3-F are based on service to single family units and are not applicable to multiple-family dwellings served through a single meter. Where premises include two or more residential or dwelling units, the residential rate may be applied only if separate circuits are provided without cost to the Distributor. A residential or dwelling unit shall be defined, for the purpose of applying this interpretation, as the space provided for the occupancy of a single family, including separate living quarters and kitchen. If it is not practical to provide for separate metering of each individual unit, the entire premises will be served under the appropriate commercial rate.

CLASSIFICATION OF SERVICE

Schedule 1-EH and 3-EH - Continued

RATE PER UNIT

Commercial Use of Portions of Dwellings:

The residential rate is not applicable to the space in the dwelling which is regularly used for commercial purposes, such as offices, beauty shop, studio, tea room, or store, or for other gainful activities. In such cases, if a separate circuit is provided at no cost to the Distributor, for the portion of the dwelling so used, the residential rate will be applied to the balance of the power requirements and the commercial rate will be applied to the portion of the dwelling used for commercial purposes. If a separate circuit is not provided, the entire power requirements of the premises must be billed under the commercial rate. If the premises are used primarily as a private dwelling and space in the dwelling occasionally used for commercial purposes, such as occasional rentals of surplus rooms, dress making, laundering, etc., the residential rate should be applied to the entire power requirements.

Domestic Power Use:

A farm on which is located a single dwelling and its appurtenances, including barns, domestic servants quarters, and out-buildings, and which processes only its own products, shall be considered a domestic farm and shall be entitled to the residential rate for all of its power requirements, including motors up to and including rated capacity of 5 H.P. Motors of capacities larger than 5 H.P. shall not be installed except by written permission of the Cooperative. Service to dwellings other than the main buildings such as tenant houses etc., must be separately metered and billed under the residential rate. This interpretation is not applicable to commercial dairies as defined below.

3-1-62

Commercial Farm Use:

1. Farm service shall be metered and billed under the commercial lighting and power rate if other dwellings beside the main dwelling are not separately metered and are served through the same point of delivery, or if products of other farms are processed for sale. The main dwelling and domestic servants quarters may be metered and billed under the residential rate if a separate circuit is provided for all of the other farm uses in cases where products of other farms are processed for sale.

Commercial Farm Use: - Continued

2. If a farm customer's barn, pump house or other outbuildings are located at such distances from his residence as to make it impractical to supply service thereto through his residential meter, the separate meter required to measure service to such remotely located buildings will be considered a separate service contract and billed as a separate customer.

3. All motors rated above $\frac{1}{2}$ H.P. must be 240 Volt motors. All motor installations, fluorescent and other gaseous lighting installations must conform with the cooperative's power factor correction rule applicable thereto.

4. Three-phase service will not be made available under the residential and farm rate Code 1-NF and 3-F.
