RULES AND REGULATIONS

Schedule 6 - Continued

Special Terms and Conditions:

1. Cooperative will furnish and install the lighting unit complete with lamp, fixture or luminaire, control device and mast arm. The rates stated herein contemplate installation on an existing pole in the Cooperative's system. If the location of an existing pole is not suitable for the installation of a lighting unit, the Cooperative will extend its conductor and install additional poles necessary for the lighting system; and the customer will be charged eight percent (8%) per year on the additional construction required for the lighting system only. The additional annual charge will be computed and one twelfth (1/12) of the total annual charge for additional construction, so computed, will be added to the customer's monthly bill.
2. All lighting units, poles and conductors installed in accordance herewith shall be the property of Cooperative, and Cooperative shall have access to the same for maintenance, inspection and all other proper purposes. Cooperative shall have the right to make other attachments to the poles and to further extend the conductors installed in accordance herewith when necessary for the further expansion of its electric service.
3. This schedule covers service from overhead circuits only, with installation on wood poles; provided, however, that when feasible, flood lights served hereunder may be attached to existing metal street lighting standards supplied from overhead or underground circuits. If any permit is required from municipal or other governmental authority with respect to the installation and use of any of the lighting units served hereunder; it will be the responsibility of the customer to obtain such permit.

RULES AND REGULATIONS

Schedule 6 - Continued

4. All servicing and maintenance will be performed only during regular scheduled working hours of the Cooperative. The customer shall be responsible for reporting outages or other operating faults. The Cooperative will make diligent effort to service the lighting equipment within 48 hours after such notification by the customer.
5. When it becomes necessary and practical to install the lighting units on the load side of the customer's meter, at the customer's request, the KWH consumption will be included in the regular meter reading; and billed in the regular monthly electric bill. In which case the rental charge only for the specific unit or units installed, including annual charge for construction if any, will be added to the customer's monthly bill.
6. The customer will exercise proper care to protect the property of Cooperative on his premises, and in the event of loss or damage to Cooperative's property arising from the negligence of the customer, the cost of the necessary repair or replacement shall be paid by the customer.
7. Contracts for this service shall have a fixed term as follows, and shall continue from month to month after such fixed term until terminated by either party giving thirty (30) days notice to the other.
8. Not less than five (5) years in the case of a municipality, civic association, or other governmental, public or quasi-public agency for the lighting of public ways and streets.
9. Not less than two (2) years in the case of any customer for the lighting of areas other than public ways and streets.

- 10. The customer further agrees that the units, together with the poles and conductors, may be removed at any time by the Cooperative upon failure to pay the charges set forth herein in accordance with the Cooperative's established rules and regulations for billing and collecting of electric accounts.
- 11. In the event that service hereunder is applied for by subdivision developers or other parties whose interest may be temporary, Cooperative may require reasonable contractual assurance that the service will be continued after the interest of such developer or other party has terminated.
