RULES AND REGULATIONS

1. Application for service:

Each prospective member desiring electric service will be required to sign the Cooperative's form of application for membership before service is supplied by the Cooperative.

2. Membership fee:

Each prospective member shall pay the membership fee of five (\$5.00) dollars before or at the time service is supplied. The membership fee will be refunded, if all bills are paid, or applied against any unpaid bills of the member at the time service is discontinued, which will automatically terminate the membership.

3. Deposits:

A deposit or suitable guarantee approximately equal to twice the average monthly bill may be required of any member before service is supplied if the Cooperative deems it necessary to insure payment for the service it will render. The Cooperative may at its option return the deposit after six months. Upon termination of service, deposit may be applied against unpaid bills of the member and if any balance remains after such application is made said balance to be refunded to the member.

4. Point of Delivery:

The point of delivery is the point, as designated by the Cooperative on members' premises where current is to be delivered to building or premises, namely the meter. All wiring and equipment beyond this point of delivery shall be maintained by the member.

5. Consumer's Wiring:

All wiring of members must conform to Cooperative's requirements and accepted modern standards as set forth by the National Electric Code and the National Electric Safety Code.

RULES AND REGULATIONS

6. Inspection:

The Cooperative shall have the right, but shall not be obligated, to inspect any installations before electricity is introduced or at any later time and reserves the right to reject any wiring or appliances not in accordance with the Cooperative's standards; but such inspection or failure to inspect or reject shall not render the Cooperative liable or responsible for any loss or damage resulting from defects in the installation, wiring, or appliances, or from violation of Cooperative's rules, or from accidents which may occur upon members' premises.

7. Right of Access:

The Cooperative's identified employees shall have access to members premises at all reasonable times for the purpose of reading meters, testing, repairing, removing, or exchanging any or all equipment belonging to the Cooperative.

8. Consumer's Responsibility for Cooperative's Property:

All meters, service connections and other equipment furnished by the Cooperative shall be, and remain, the property of the Cooperative. The member shall exercise proper care to protect the property of the Cooperative on its premises; and in the event of loss or damage to Cooperative's property arising from neglect of member to care for same, the cost of the necessary repairs or replacements shall be paid by the member.

9. Billing:

Bills will be rendered and mailed monthly. All bills shall be paid each month on or before the payment due date shown on the bill at the offices of the Cooperative or its regular authorized agencies. Failure to receive the bill will not release the consumer from payment obligations. All bills paid on or before the payment due date shown shall be payable at the net rate (all bills paid after the payment due date shown shall be at the gross rate. The gross rate being 10% higher). All remittances, by mail for the net amount shown, shall be received in the Cooperative's offices on or before the payment due date

shown on the bill. The gross amount shown on the bill shall apply to all bills received in the Cooperative's offices after the payment due date shown. Should bills not be paid as set forth above, the Cooperative may at anytime thereafter, on ten (10) days separate, written notice to the consumer, and ~~30~~ days after the mailing date of the original bill, discontinue service. See also 18., Discontinuance of Service.

10. Meter Reading:

T,I

Members receiving service and reading their own meters will be required to furnish the Cooperative with a reading of each meter on the form furnished by the Cooperative, on such dates as designated on the form furnished. When a member fails to send a meter reading card as required, the bill will be estimated for that month, based on his previous use. When a member fails to supply the Cooperative with such readings for three (3) consecutive meter reading dates, the Cooperative will have its authorized representative read the members meter and a service charge of ten dollars (\$10.00) will be made for the additional service. The service charge will be added to the members account and will be due and payable upon notice of said charge. In the event it is found that an error has been made in estimating the electric bill or in the reading of the meter, the bill shall be computed and adjusted to the correct meter reading obtained by the Cooperative.

11. Collection of Delinquent Accounts:

T,I

Should it become necessary for the Cooperative to send a representative to the member's premises for collecting a delinquent account, a charge of fifteen dollars (\$15.00) will be applied to the member's account for the extra service rendered, due and payable at time such delinquent account is collected, or if service is disconnected for nonpayment.

12. Service Charges:

All service calls made by the Cooperative pertaining to the consumers premises or equipment shall be charged for at the rate of time and material.

shown on the bill. The gross amount shown on the bill shall apply to all bills received in the Cooperative's offices after the payment due date shown. Should bills not be paid as set forth above, the Cooperative may at anytime thereafter, on seven (7) days notice to the consumer, discontinue service.

10. Meter Reading

Members receiving service and reading their own meters will be required to furnish the Cooperative with a reading of each meter on the form furnished by the Cooperative, on such dates as designated on the form furnished. When a member fails to send in a meter reading card as required, the bill will be estimated for that month, based on his previous use. When a member fails to supply the Cooperative with such readings for three (3) consecutive meter reading dates, the Cooperative will have its authorized representative read the members meter and a service charge of three dollars (\$3.00) will be made for the additional service. The service charge will be added to the members account and will be due and payable upon notice of said charge. In the event it is found that an error has been made in estimating the electric bill or in the reading of the meter, the bill shall be computed and adjusted to the correct meter reading obtained by the Cooperative.

11. Reconnection Charges:

A service charge of five dollars (\$5.00) will be made for reconnecting service disconnected for non-payment of bill. The five dollar (\$5.00) reconnect charge applies during regular normal working hours only. A charge for all work after normal working hours, will be made at the actual cost.

12. Service Charges:

All service calls made by the Cooperative pertaining to the consumers premises or equipment shall be charged for at the rate of time and material.

RULES AND REGULATIONS

13. Installation Charges:

A service charge fee of five dollars (\$5.00) will be made for the installing or moving of all meters after the original installation has been made at the time the building was constructed. The five dollar (\$5.00) service charge applies during regular normal working hours only. A charge for all work after normal working hours, will be made at the actual cost.

14. Service charges for temporary service:

Consumers requiring temporary service may be required to pay all costs of connecting and disconnecting incidental to the supplying and removing of service. In addition to this a deposit will be required to cover estimated consumption of electricity. Both fees will be paid in advance. Any balance remaining at the end of temporary service will be refunded. This rule applies to carnivals, fairs, construction contractors and the like.

15. Meter Test:

The Cooperative will, at its own expense, make periodical tests and inspections of its meters in order to maintain a high standard of accuracy and to conform with the regulations of the Public Service Commission. The Cooperative will make additional tests of the meters at the request of the consumer provided a fee of five dollars (\$5.00) is paid in advance. In case the test made at the consumers request shown that the meter is accurate within two per cent (2%) slow or fast, no adjustment will be made to the consumers bill and the fee paid will be forfeited to cover cost of testing. In case the test shows the meter to be in excess of two per cent (2%) fast or slow, an adjustment shall be made in the consumers bill in accordance with the rules and regulations of the Public Service Commission and the cost of testing will be borne by the Cooperative and the five dollar fee paid by the consumer will be refunded.

RULES AND REGULATIONS

16. Resale Service:

All purchased electric service used on the premises of the member shall be supplied exclusively by the Cooperative, and the member shall not, directly or indirectly, sell, sublet, or otherwise dispose of the electric service or any part thereof.

17. Billing adjusted to standard periods:

In the case of the first billing of a new account and the final billing of an account where the period covered by the billing is a fraction of a month, the demand charge, and or the energy used will be billed in accordance with the billing period, on the applicable rate schedule.

18. Discontinuance of service by the Cooperative:

The Cooperative may refuse to connect or discontinue service to a member for the violation of any of its rules and regulations. The Cooperative may discontinue service to a member for the theft of current or the appearance of current theft devices on the premises of the member. The discontinuance of service by the Cooperative for any cause stated in this rule does not release the member of his obligation of all bills due.

19. Interruption of service:

The Cooperative will use reasonable diligence to provide a regular and uninterrupted supply of current, but in case the supply of current should be interrupted or disturbed for any cause, the Cooperative shall not be liable for damages resulting therefrom.

20. Scope:

This Schedule of Rules and Regulations is a part of all contracts for receiving electric service from the Cooperative and applies to all service received from the Cooperative, whether the service is based upon a contract, agreement, signed application, or otherwise.

RULES AND REGULATIONS

Addendum - Underground Service

The Cooperative will install underground distribution lines to a residential subdivision under the following conditions:

1. The subdivision being developed must consist of a tract of land which is divided into ten (10) or more lots for the construction of new residential buildings or the land on which is constructed two (2) or more new multiple occupancy buildings (refer to PSC Electric Rules, Appendix A for definition of terms).
2. Developer or owner of subdivision (shall) or (may be required) to advance to the Cooperative an amount equal to an "estimated average cost differential," if any, between the average or representative cost of underground distribution systems in residential subdivisions and of equivalent overhead distribution systems within the utility service areas. If the amount deposited exceeds the normal charge for underground extensions, the amount in excess shall be refunded over a period of ten (10) years. The amount of refund per service connected shall be the amount contributed in excess of the normal underground cost differential, divided by the total lots to be served from the primary extension.
3. The Cooperative will construct underground distribution facilities in the subdivision adequate to render single-phase 120/240 Volt service.
4. Three-phase primary mains or feeders required within a subdivision to supply local distribution or to serve individual three-phase loads may be overhead unless underground is required by governmental authorities or chosen by applicant, in either of which case the differential cost of underground shall be born by the applicant.
5. Developer or successor in title shall grant a right-of-way satis-

factory to the Cooperative for the installation, operation and maintenance of its underground facilities.

6. If developer provides the secondary service lines to the residence from service pedestal located on easement, the Cooperative shall credit the applicant fifty dollars (\$50.00) or the equivalent cost of an overhead service line to the applicant's meter base, whichever is greater, Service lines to house (provided by developer) shall be installed and ready for inspection at the same time as the residence. Trench is to be left open until inspection has been made. If the Cooperative provides secondary service lines, applicant shall pay the "estimated average cost differential" between overhead and underground service.
7. For all developments that do not meet the conditions set forth in paragraph 1 above, underground distribution will be installed provided an advance to the Cooperative is made in an amount equal to the difference between the Cooperative's estimated cost of underground facilities and overhead facilities, which it would otherwise provide.
8. The applicant shall be required to perform all necessary trenching and backfilling in accordance with the Cooperative's specifications.
9. The estimated cost differential per foot of conductor is for normal soil conditions and does not include rock, estimated rock cost shown on Exhibit A.
10. The estimated cost differential per foot of conductor is filed herewith as Exhibit "A".

Addendum - Underground Service

EXHIBIT A

AVERAGE UNDERGROUND COST DIFFERENTIAL

(Filed in compliance with Appendix to the Order of the Public Service Commission in Administrative Case No. 146, dated February 2, 1973)

Average cost per foot of underground primary	\$4.40
Average cost per foot of overhead primary	\$3.15
Average cost differential per foot of primary conductor	\$1.25
Average cost per foot of underground residential service	\$1.40
Average cost per foot of overhead residential service	\$0.85
Average cost differential per foot of service conductor	\$0.55

Note: Above estimated cost for underground does not include the cost of trenching and backfilling. If the Cooperative performs the trenching and backfilling the actual cost will be added to the above price.

Note: The estimated cost for rock removal for underground installation \$9.50 per foot.
