Commercial / Industrial High Efficiency Lighting Replacement Incentive Program

Purpose

This program promotes the upgrading of low efficiency commercial or industrial lighting systems by providing an incentive payment to eligible Customers who measurably improve the energy efficiency of a commercial or industrial lighting system.

Availability

Each DSM program offered by the Cooperative is sponsored by Big Rivers Electric Corporation through tariffs applicable to the Cooperative. Each Cooperative DSM program's rates, terms and conditions are available to Customers of the Cooperative, subject to the limitations and eligibility requirements set forth in the Cooperative's tariffs and the sponsoring tariff of Big Rivers.

Eligibility

An eligible Customer is a Customer who measurably improves the energy efficiency of a commercial or industrial lighting system in a facility served by the Cooperative from a non-dedicated delivery point.

Member Incentives

The Cooperative will pay an eligible Customer \$350 per kW of measurable improvement in energy efficiency achieved by improvements to an existing commercial or industrial lighting system, to be reimbursed by Big Rivers Electric Corporation.

Schedule 33 - Continued		

Commercial / Industrial High Efficiency Lighting Replacement Incentive Program

Terms & Conditions

To qualify for the incentive under this program, the Customer must submit to the Cooperative, in the form and detail specified by the Cooperative:

1. Information from which the energy efficiency of the existing commercial or industrial lighting system can be calculated;
2. Information from which the energy efficiency of the improved commercial or industrial lighting system can be calculated, and the improvement in the energy efficiency of the light system determined;
3. Information that documents the purchase and installation of the improvements to the commercial or industrial lighting system, including a copy of the invoice for materials and installation services associated with the project;
4. Certification by the Customer, or a third party acting on behalf of the Customer, of the installation of the lighting system improvements the Customer's facility served by the Cooperative; and
5. A copy of the form showing the calculation of the energy efficiency improvements from the lighting system improvements, signed by the Customer.

Evaluation, Measurement and Verification

The Cooperative will follow a process of evaluation, measurement and verification for the program. The process will ensure the quality and effectiveness of the program and optimal use of resources.
