RULES AND REGULATIONS

**36. UNDERGROUND PRIMARY AND SERVICE FOR NEW RESIDENTIAL SUBDIVISIONS
(Cont'd.)**

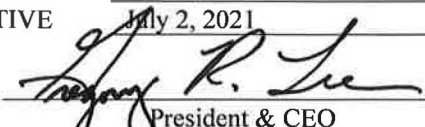

- (T) The applicant shall be required to perform all necessary trenching and backfilling of trenches and manholes in accordance with the Cooperatives Specifications. Should the applicant desire, the Cooperative will perform or have performed by an outside contractor, all trenching and backfilling provided applicant agrees to pay such charges to the Cooperative prior to work being performed.
- (T) Trenching and backfilling shall include opening and preparing the trench for the installation of the conduit(s), furnishing and installing conduit(s), installing any necessary vault pads or underground cabinets, and backfilling the trench to ground level with dirt or other mediums as required by the application.
- (T) The Average Underground Cost Differential may be averted by the applicant performing all trenching and backfilling as defined herein in accordance with the Cooperative's design and requirements as to the placement of underground facilities, depth and backfilling of trench, and size and type of conduit(s). The applicant shall also be required to provide underground facilities, as the Cooperative may deem necessary, to the property lines that border the subdivision to ensure a means for the Cooperative to extend lines for future growth without disturbing the subdivision.
- (T) Installation of all electrical conductors will be done by the Cooperative.

37. ENERGY EMERGENCY CONTROL PROGRAM – RE: PSC ADMIN. CASE NO 353

Purpose – To provide a plan for reducing the consumption of electric energy on Nolin Rural Electric Cooperative Corporation's system in the event of a severe electric energy shortage.

For the purpose of this program, the following priority levels have been established:

- I. Essential Health and Safety Uses – as defined in Appendix A
- II. Residential Use
- III. Commercial and Industrial Uses
- IV. Nonessential Uses – as defined in Appendix B
- V. Interruptible Loads
- VI. Direct Load Control
