CANCELLING PSC KY NO. 9

2nd Revised SHEET NO. 308.1

RENEWABLE ENERGY PROGRAM – RATE 24 (continued)

Option B – Option B is a pilot program available on or before March 25, 2025. A retail member may, after entering into a special agreement with Shelby Energy Cooperative and EKPC, purchase renewable energy to offset the retail member’s existing energy consumptions under the members’ applicable rate schedule.

Option C – After entering into an agreement with Shelby Energy Cooperative, Inc. and EKPC, commercial and industrial (“C&I”) retail members have the opportunity to purchase RECs through Shelby Energy Cooperative and EKPC to offset up to all of their energy consumption with RECs, resulting in that portion of energy consumption to be considered renewable.

ELIGIBILITY

Under Option A, a “Pledge to Purchase Renewable Energy” must be signed by the retail member prior to service under this rider. Retail members may not owe any arrearage prior to participating in the Renewable Energy Program.

Under Option B, a retail member must execute an agreement with Shelby Energy Cooperative and EKPC to purchase, supply or secure a minimum renewable capacity of 1 MW. The maximum annual renewable energy under the agreement cannot exceed the participating retail member’s average annual consumption over the previous three (3) years. For new businesses with no usage history, the maximum annual renewable energy under the contract will be estimated. The type of renewable energy will be determined by the retail member. Retail members having multiple services across the EKPC system may aggregate consumption and renewable energy totals into a single agreement.

Under Option C, C&I retail members, in conjunction with Shelby Energy Cooperative, Inc. and EKPC, will determine the type of renewable resource and amount of RECs the Shelby Energy Cooperative, Inc. and EKPC will purchase monthly on behalf of the participating retail member. The original agreement will expire after one (1) year, but will automatically renew monthly until the retail member provides 60 days’ notice of cancellation. The retail member may also amend the agreement to change the amount of RECs or type of renewable resource generating such RECs they will purchase. EKPC may sell and retire RECs generated by EKPC when applicable with a market-based rate per REC.

The sum of renewable energy purchased under Option B and the RECs purchased and retired under Option C shall not exceed the retail member’s annual usage.
