SCHEDULE SL-3 (Cont.)

Additional Charges:

The above charges apply to lamps mounted on brackets. An additional charge of \$3 per year will be made for each suspended unit.

The above charges apply to lamps mounted on existing poles of the Cooperative and where no additional poles are required for any necessary street lighting circuits. An additional charge of \$2 per year will be added to the total charge as determined above for each additional pole required, unless the village pays the installed cost of such additional poles.

Conditions of Service:

1. Street-lighting equipment including lamps, fixtures, and the necessary street-lighting circuits, transformers and additional guys and fittings will be furnished by the Cooperative. Where extensions of primary line are required, the total cost of such construction shall be paid by the village.
2. Lamp replacements will be made by the Cooperative. Any lamps replaced by the Cooperative will be made by the Cooperative. Any lamps replaced by the Cooperative will be charged to the village at cost as a separate item on the monthly bill for service.
3. Service will be furnished for future additional lamps in accordance with the above charges. The average spacing between lamps shall be recomputed to include the additional lamps.
