GENERAL TERMS AND CONDITIONS
TO
LARGE VOLUME NATURAL GAS SERVICE AGREEMENT

1. This Service Agreement is subject to all applicable and valid statutes, ordinances, and the rules, regulations and orders of the Kentucky Public Service Commission. Except for specific deviations noted in this Service Agreement, shall apply to the Interruptible Carriage Service specified herein and such tariff shall be included herein by reference.

2. If not presently installed, the necessary regulating and metering equipment constructed to WKG's specifications shall be installed for delivery of the gas as specified here, and the Customer shall install or cause to be installed additional regulating equipment to provide suitable operating pressure at the various points of utilization. A suitable location for the regulating and metering equipment shall be provided by the Customer without charge, and WKG shall have the right to operate, maintain and alter this equipment as is necessary or desirable. Each party hereto agrees to maintain any equipment owned by it and used in the performance of its obligations herein in good, safe, and efficient operating condition and repair.

3. Title to sales gas shall pass from WKG to Customer, upon the delivery thereof, at the Customer's service address. The title to all gas transported hereunder shall remain with the Customer. The Receipt Point(s) at which the Customer will deliver transportation gas to WKG is designated on Exhibit "A" attached hereto.

4. As between the parties hereto solely, WKG shall be deemed in exclusive control and possession of the gas after the delivery thereof at the Receipt Point(s) and prior to the redelivery thereof, to or for the account of Customer at the Customer's service address. At all other times, as between the parties hereto solely, Customer shall be deemed in exclusive control and possession of the gas and responsible for any damages, losses, or injuries caused by Customer's handling, delivery, or receipt thereof. Each party agrees to indemnify, defend, and hold harmless the other party from and against any and all claims, liabilities, damages, losses, costs, and expenses (including attorneys' fees) incurred by such other party arising from or relating to any damages, losses, or injuries for which the indemnifying party is responsible pursuant to the provisions of this paragraph, except to the extent such damages, losses or expenses shall have been caused by the negligence of the indemnified party.

5. In the event that either WKG or Customer is rendered unable, wholly or in part, by reason of an event of force majeure, to perform its obligations under this Service Agreement, other than to make payment due thereunder, and such party has given notice and full particulars of such force majeure in writing to the other party as soon as possible after the occurrence of the cause relied on, then the obligations of the parties, insofar as they are affected by such force majeure, shall be suspended during the continuance of such inability, but for no longer period, and such cause shall, insofar as possible, be remedied with all reasonable dispatch; provided, however, that the settlement of strikes or lock-outs shall be entirely within the discretion of the party having such difficulty, and the above requirement that any force majeure be remedied with all reasonable dispatch shall not require the settlement of strikes or lock-outs by acceding to the demands of the opposing party when such course is inadvisable in the discretion of the party having the difficulty.

The term "force majeure" as used herein shall mean any cause not reasonably within the control of the party claiming suspension and includes, but is not limited to, acts of God; strikes; lock-outs; wars; riots; orders or decrees of any lawfully constituted federal, state, or local body; fires; storms; floods; wash-outs; explosions; breakage or accident to machinery or lines of pipe; inability to obtain or delay in obtaining rights-of-way, materials, supplies, or labor permits; temporary or permanent failure of gas supply or transportation services; capacity constraints; repair, maintenance, or replacement of facilities used in the performance of the obligations contained in this Service Agreement; or any other cause of a similar nature whether of the kind herein enumerated or otherwise.

6. During each billing period involving transportation services, Customer agrees to maintain its deliveries of gas to WKG and its receipt of gas from WKG in continuous balance or as near thereto as practicable on an Mcf or MMBtu basis, as designated by WKG. Further, the Customer agrees to be liable to WKG for all cost, expense and liability incurred by WKG which directly relates to the Customer's transportation activities on the interstate pipeline system. To the extent imbalances owed to Customer by WKG occur, such "parked" and/or "banked" volumes of the Customer shall be deemed, for billing purposes, to be the first volumes delivered to the Customer during the succeeding billing period. When the volume of gas taken by Customer during a billing period exceeds the aggregate of its T-2, T-3 and T-4 transportation nominations and its available "parked" and/or "banked" volumes, Customer shall pay WKG for such overrun volumes at the applicable tariff rate.
