Dear Mr. Osborne:

B & H Gas Company's request, received January 15, 1976, for cancellation of Sales Agreement with Columbia Gas of Kentucky was forwarded to the Kentucky Public Service Commission. Columbia advised the Commission that it was agreeable to the cancellation; however, the Commission requested that Columbia postpone cancellation, pending investigation by the Commission to determine that adequate volumes of gas were available from other sources to meet B & H Gas Company's obligation to its customers.

We were advised today that the Commission has completed the review and finds the cancellation request in order. Sales Agreement No. 7500, between B & H Gas Company, Inc. and Columbia Gas of Kentucky, Inc., is cancelled effective January 12, 1976.

Yours very truly,

COLUMBIA GAS OF KENTUCKY, INC.
