

CLASSIFICATION OF SERVICE – RATE SCHEDULES
TRANSPORTATION OF GAS FOR OTHERS ON SYSTEM UTILIZATION

APPLICABILITY

Applicable within all areas served by Delta. See Tariff Sheet No. 17.

AVAILABILITY

Available to small non-residential, large non-residential, interruptible and compressed natural gas fueling station customers who have purchased natural gas elsewhere, obtained all requisite authority to transport such gas to Delta's facilities and request Delta to utilize its facilities to transport such customer-owned gas to place of utilization. Any such transportation service shall be subject to the terms and conditions set forth herein and to the reserved right of Delta to decline to initiate such service whenever, in Delta's sole judgment, the performance of the service would be contrary to good operating practice or would have a detrimental impact on other customers of Delta. Such detrimental impact may include under deliveries of transportation gas to Delta's system or switching by the transportation customer to Delta's Small Non-Residential, Large Non-Residential or Interruptible Service rate schedules. (T)

RATE

A transportation charge comprised of the following components will be applied to each Ccf, or in the case of measurement based on heating value, each dekatherm (Dth) of gas transported hereunder:

- (1) Delta's Base Rate for gas sold as set forth in Delta's Small Non-Residential, Large Non-Residential and Interruptible Rate Schedules; plus
- (2) Where the pipeline suppliers transportation, compression or other similar charges are billed to Delta, the cost per Ccf or Dth, as applicable, of such charges; plus
- (3) A take-or-pay recovery component of \$(0.0000)
- (4) For compressed natural gas fueling station customers, in order to provide a fair opportunity to compete with other motor fuels, Delta may negotiate at Delta's sole discretion with such customers a fixed base rate that is no more than the maximum Base Rate set forth in Delta's Interruptible Service Rate Schedule, but is no less than the minimum Base Rate set forth in Delta's Interruptible Service Rate Schedule.  Case No. 2013-00365 dated March 30, 2015

**CLASSIFICATION OF SERVICE – RATE SCHEDULES
TRANSPORTATION OF GAS FOR OTHERS ON SYSTEM UTILIZATION**

Volumes of gas transported hereunder will be determined in accordance with Delta's measurement base.

Customer owned gas transported hereunder for an interruptible customer will be subject to interruption in accordance with normal interruption procedures applicable to such rate schedule. Such customers must agree in writing to cause deliveries of customer-owned gas into Delta's facilities to cease upon notification by Delta of the necessity to interrupt or curtail the use of gas.

Delta shall have the right at any time to curtail or interrupt the transportation or delivery of gas to interruptible customers hereunder when, in Delta's sole judgment, such curtailment or interruption is necessary to enable Delta to maintain deliveries to customers of higher priority or to respond to any emergency. During such periods, Delta shall have the right to purchase any transportation gas delivered into Delta's system for the account of the customer at the actual cost the customer paid for such gas.

Delta may execute special transportation contracts with anyone after said contract has been filed with and accepted by the Public Service Commission.

This transportation is available to any customer with a daily nominated volume (the level of daily volume in Ccf as requested by the customer to be transported and delivered by the Company) which averages a minimum of 250 Ccf of gas per day for the billing period on an individual service at the same premise who has purchased their own supply of natural gas and require transportation by the Company to the point of utilization subject to suitable service being available from existing facilities. In order to provide a fair opportunity to compete with other motor fuels, this minimum volume requirement may be waived by Delta at its sole discretion for compressed natural gas fueling station customers.
