18. CHARACTER OF SERVICE:

The Company will normally supply natural gas having a heating value of approximately one thousand (1,000) Btu per cubic foot and a specific gravity of approximately six tenths (0.6), however, when necessary to supplement the supply of natural gas, the Company reserves the right, at its discretion, to supply an interchangeable mixture of vaporized liquified petroleum gas and air, or a combination of same with natural gas.

19. ASSIGNMENT OF CONTRACT:

The benefits and obligations of any service application or contract shall begin when the Company commences to supply gas service and shall inure to and be binding upon the successors and assigns, survivors and executors or administrators, as the case may be, of the original parties thereto, respectively, for the full term thereof, provided, however, that no application, agreement or contract for service may be assigned or transferred without the written consent or approval of the Company.

When the gas supply has been discontinued or disconnected for non-payment of bills or other violation of the Company's Rules and Regulations, the service will not be restored at the same location, or connected at another location, for the same or related occupants under a different contract or name when it is evident the change of name is a subterfuge designed to defraud or penalize the Company.

Any customer desiring service discontinued or changed from one location to another shall give the Company three (3) days advance notice in person, by phone or in writing, provided such notice does not violate contractual obligations.

The Customer shall be held responsible for all gas consumed until such notice is received by the Company and three (3) days time allowed to read the meter and render final bill.

22. COMPANY'S DISCONTINUANCE OF SERVICE FOR CAUSE:

The Company has the right to discontinue service to a Customer for violation of its Rules and Regulations or for non-payment of bills, however, service shall not be discontinued until the Company has diligently tried to induce the Customer to comply with its Rules and Regulations, or has diligently attempted to induce the Customer to pay the bills. Where a dangerous condition is found to exist on the Customer's premises the service may be discontinued without notice.

Where necessary for construction, maintenance or operation purposes, the Company may temporarily discontinue service to a Customer, however, notice shall be given whenever practical to do so.
