Original SHEET NO. 10

CANCELLING PSC KY NO. 2

 SHEET NO. 1

PURCHASED GAS COST ADJUSTMENT CLAUSE

The Purchased Gas Adjustment shall have two components. The first shall be the PIPELINE REPLACEMENT RIDER MONTHLY CHARGE and the second is GAS COST RECOVERY RATE.

Pipeline Replacement Monthly Charge:

Pursuant to the Kentucky Public Service Commission's Final Order in Case No. 2017-00168, all customers receiving service from Burkesville Gas Company shall be assessed a monthly charge, which is a pass-through charge from its gas supplier, Apache Gas Transmission Company. The pass-through charge is a result of Apache Gas' Commission approved Pipeline Replacement Program ("PRP"). This pass-through charge is in addition to the existing Customer Charge component of the applicable rate schedules. Apache Gas Transmission Company will file its PRP applications with the Kentucky Public Service Commission no later than April 30 each year.

The PRP monthly charge will be updated annually in order to accurately reflect the impact from pipeline replacements. Such adjustments to the monthly charge will become effective with meter readings on and after the first billing cycle of May each year, and will reflect allocation of the required increase based on the distribution approved by the Commission. In Case No. 2018-00106, The Commission (T) approved a \$3.00 per month surcharge to residential customers, a \$3.50 per month surcharge to (T) commercial customers and a \$0.29 per Mcf surcharge on all usage. The PRP charges are to be collected (T)(N) over a 12 year period, however the monthly charge may change based on the annual filings.

Determination of Gas Cost Recovery Rate (GCR)

Burkesville Gas Company, Inc. shall file a quarterly report with the Commission which shall contain an updated GCR and shall be filed at least thirty (30) days prior to the beginning of each calendar quarter. Burkesville Gas Company, Inc. may also shorten the notice period from thirty (30) days to a period of not less than twenty (20) days upon showing of good cause. In addition, Burkesville Gas Company, Inc. may prescribe a shorter time period in which a reduction in rates may be made. The GCR shall become effective for billing with the final meter readings of the first billing cycle of each calendar quarter.
