

Delta Natural Gas Company
Name of Utility

RULES & REGULATIONS

where necessary, at the discretion of the Company, to provide better and safer gas utilization and service.

All of the Customer's service line, piping, connections and appliances shall be suitable for the purposes thereof and shall be maintained by the Customer at his expense at all times in a good, safe and serviceable condition.

The Company shall not assume any responsibility and shall not be held liable in any way for the making of any periodic inspection of the Customer's service line, piping, connections or appliances, or for the Customer's failure to properly and safely install, operate and maintain same.

10. **METERING**

The gas consumed shall be measured by a meter or meters to be installed by the Company upon the Customer's premises at a point most accessible or convenient for the Company and all bills shall be calculated upon the registration of said meter or meters except as hereinafter provided. If more than one meter is installed for the same or different classes of service at different locations on the Customer's premises, each meter shall be considered separately in calculating the amount of any bills. Meters include all measuring instruments and equipment.

- (a) All residences, stores, apartments or other occupied buildings shall have separate meters even if under the same roof, unless heated from one central heating supply. 3-9-66
- (b) When customers are served from high pressure lines, and meters, regulator or regulators and safety devices shall be located as near to the utility's main as is practicable.

11. **PROTECTION OF COMPANY'S PROPERTY:**

All meters, piping and other appliances and equipment furnished by and at the expense of the Company, which may at any time be in
