*Original* Sheet No. 7

Cancelling P.S.C. Ky. No. 3

Sheet No. 7

Delta Natural Gas Company, Inc. and  
Delta Natural Gas of Stanton, Inc.

**RULES AND REGULATIONS**

C 17. MEASUREMENT BASE:

The rates of the Company are based upon gas delivered to the customer on a basis of four (4) ounces per square inch above an assumed atmospheric pressure of fourteen and four-tenths (14.4) pounds per square inch, or fourteen and sixty-five hundredths (14.65) pounds per square inch absolute pressure, at an assumed temperature of sixty (60) degrees Fahrenheit; provided, however, the Company reserved the right to correct as necessary the actual temperature to a sixty (60) degree Fahrenheit basis in the cases of large volume industrial customers.

All gas measured at pressures higher than the standard pressure for low pressure distribution systems shall be corrected to a pressure base of fourteen and sixty-five hundredths (14.65) pounds per square inch absolute.

18. CHARACTER OF SERVICE:

*6-4-73*

The Company will normally supply natural gas having a heating value of approximately one thousand (1,000) BTU per cubic foot and a specific gravity of approximately six-tenths (0.6), however, when necessary to supplement the supply of natural gas, the Company reserves the right, at its discretion, to supply an interchangeable mixture of vaporized liquified petroleum gas and air, or a combination of same with natural gas.

19. ASSIGNMENT OF CONTRACT:

The benefits and obligations of any service application or contract shall begin when the Company commences to supply gas service and shall inure to and be binding upon the successors and assigns, survivors and executors or administrators, as the case may be, of the original parties thereto, respectively, for the full term thereof, provided however, that no application, agreement or contract for service may be assigned or transferred without the written consent or approval of the Company.

When the gas supply has been disconnected for non-payment of bills or other violation of the Company's Rules and Regulations, the service will not be restored at the same location or connected at another location for the same or related occupants under a different contract or name when it is evident the change of name is a subterfuge designed to defraud or penalize the Company.

Sheet No. 10

Delta Natural Gas Company, Inc. and  
Delta Natural Gas of Stanton, Inc.

**RULES AND REGULATIONS**

- (3) Special permission may be obtained from the local group manager for waiving of minimum charge only when initial service is being rendered and no gas except test gas has been passed by the meter.
- (4) A full minimum charge will be rendered whenever service has been used for more than fifteen (15) days of a billing month, even if the consumption of the customer is zero (0).
- (5) If service is used less than fifteen (15) days in a given billing month and any consumption is recorded, the normal billing procedure shall apply.

25. MOVING CUSTOMERS:

*6-4-73*

When a customer moves within the service area of the Company, he shall be billed out at his original location and billed in at his new location. Therefore, he will receive two bills for the month in which the move occurs.

26. REFUSAL OF SERVICE:

The Company will not render service to any customer unless the customer's service line, housepiping, appliances and equipment are properly installed and in safe operating condition, or where the customer continually fails to comply with the Company's Rules and Regulations.

The Company will not furnish service to any applicant who owes the Company any past due bill or a delinquent account for service furnished either at the same location or at another location, until such indebtedness shall have been paid in full.

The Company reserves the right to refuse or to defer full service to an applicant where the existing mains are inadequate to serve the applicant's requirements without adversely affecting the service to customers already connected and being served.

27. NOTICE OF ESCAPING GAS OR UNSAFE CONDITIONS:

Immediate notice must be given by the customer to the office or employees of the Company if any escaping gas or unsafe conditions are detected or any defects or improper installations are discovered in the piping and equipment of either the Company or the customer which are on the customer's premises.

Sheet No. 11

Delta Natural Gas Company, Inc. and  
Delta Natural Gas of Stanton, Inc.

**RULES AND REGULATIONS**

No flames or lights are to be taken near any escape of gas and the gas must be shut off at the meter cock or valve until the hazard is eliminated and the gas service is not to be turned on again except by a Company employee.

The Company will not be responsible or assume any liability for any injury, loss or damage which may arise from the carelessness or negligence of the customer or his agents or representatives.

**28. TURNING OFF GAS SERVICE AND RESTORING SAME:**

The gas service may be turned off at the meter when justified by the customer or his agent or any constituted authorities but no person, unless in the employ of the gas Company or having permission from the gas Company, shall turn the gas on or restore service.

**29. SPECIAL PROVISIONS - LARGE VOLUME CUSTOMERS:**

Industrial, commercial or other customers using large volumes of gas on a varying basis shall install and maintain at their expense adequate piping and suitable regulating and control equipment to provide reasonable and practical limitation of intermittance or fluctuation in the pressure, volume or flow of gas, and shall so regulate and control their operations and the use of gas hereunder so as not to interfere with gas service being furnished to them or to any other customers, or with the proper and accurate metering of gas at their existing location or any other location.

**30. SPECIAL RULES FOR CUSTOMERS SERVED FROM TRANSMISSION MAINS:**

In addition to the standard Rules and Regulations, the following special Rules and Regulations shall apply to all customers served directly from high pressure transmission mains.

- (1) All meters, regulators, equipment and connections necessary to serve the customer from a high pressure transmission line shall be installed on the customer's premises at or as near the transmission line as is practical. No extension of Company facilities shall be made at Company expense to render service to a transmission customer.

Sheet No. 12

Delta Natural Gas Company, Inc. and  
Delta Natural Gas of Stanton, Inc.

**RULES AND REGULATIONS**

- (2) Suitable site or location for the equipment owned by the Company or the owner of the line shall be provided and furnished by the customer without any expense to the Company. The Company shall have the right of ingress, egress and regress to and from this location at any time without any expense or charges from the customer.
- (3) The customer's service line extending from the outlet of the meter shall be installed and maintained by the customer at his expense.
- (4) The customer shall notify the Company promptly of any leaks in the transmission line or equipment, also, of any hazards or damages to same.

**31. CURTAILMENT ORDER:**

In case of impairment of gas supply or partial or total interruption and when it appears the Company is, or will be, unable to supply, at any time, the requirements of all its customers in any system or segment thereof, due to any cause whatsoever, then the Order of Curtailment or Interruption of Service, insofar as practicable shall be:

- Step 1. Deliveries to industrial or other customers under rate schedules providing for interruptible service and curtailment.
- Step 2. Deliveries to industrial customers under contracts or rate schedules providing for firm service.
- Step 3. Deliveries to commercial customers for non-space heating purposes.
- Step 4. Deliveries to commercial customers for space heating purposes.

When the curtailments or interruptions of deliveries in the above steps fail to provide sufficient gas to meet the requirements of the remaining customers, the Company shall exercise its best judgment and distribute as equitably as possible the gas that is available, taking into consideration the customers affected and their gas utilization, the operation of its system and any other factors it deems necessary in the best interests of service, public health and safety.

When the causes or contingencies of the curtailments or interruptions cease to be operative, the Company shall restore full service to all customers as promptly as possible

RATE SCHEDULE GS-3-AC - AIR CONDITIONING

RATE  
PER UNIT

APPLICABILITY:

Applicable within all service areas where Delta of Stanton purchases its supply of gas from the Kentucky Gas Transmission Corporation, namely: Stanton and Clay City, Powell County and environs of each.

AVAILABILITY:

This rate schedule is available for gas consumed by gas fired air conditioning only by consumers served under Rate Schedules GS-3 and GS-3-L and service hereunder is available only during the months of June through September.

CONTRACT REQUIREMENTS:

Service under this rate is available when a written contract has been executed specifying the base load.

CHARACTER OF SERVICE: Firm.

RATES AND TERMS:

The charge per thousand cubic feet for all gas consumed in excess of the base load shall be .....

\$ .75/MCF (I)

DEFINITION:

"Base Load" is defined as that quantity of gas normally consumed by the customer during non-heating months by other than space heating or air conditioning equipment.
