

January 21, 1971

Mr. E. M. Pittenger, Business Manager
Asbury College
Wilmore, Kentucky 40390

Dear Mr. Pittenger:

Please refer to our letter to you of January 7, 1971 indicating an increase in cost of gas of 1.47¢ (one and forty-seven hundredths cent) per mcf to be effective January 10, 1971.

This increase will not apply to the ES-2 rate until January 18, 1971.

Very truly yours,

H. D. Peet
President

January 7, 1971

Mr. E. M. Pittenger, Business Manager
Asbury College
Wilmore, Kentucky 40390

Dear Mr. Pittenger:

Our supplier, the Tennessee Gas Pipeline Company, by virtue of their gas producer's increase, is increasing the selling price of natural gas to the amount of 1.47¢ per mcf. The proposed increase will become effective January 10, 1971. We wish to advise you that this increase in cost of gas to us is being passed on to our customers directly proportional to said increase.

We also plan to apply for permission to pass this increase on to our general service customers in the exact amount. Upon approval from the Kentucky Public Service Commission under the Purchased Gas Adjustment Clause in our tariff, we propose the effective date to be the same as that proposed by our supplier.

Very truly yours,

Thomas M. Derickson
Administrative Vice President
