CANCELLING P.S.C. KY. NO. 1

11 SHEET NO. 11

V. CHARGES FOR NON-RECURRING SERVICES

1. A charge of \$35.00 shall be made for all service connections made during regular working hours except there shall be no connection charge made for service on the original installation of facilities. If service is reconnected other than during regular working hours, the charge shall be \$95.00.
2. A charge of \$35.00 shall be made for a trip to collect a delinquent account or terminate service. When a customer's service has been discontinued for non-payment of bills and the delinquent customer has paid his or her outstanding bill for service and requested reconnection, the District shall assess a service connection charge in addition to a delinquent service charge to re-establish sewer service.
3. A charge of \$35.00 shall be made for service investigation during regular working hours if interruption of service or service problem is associated with the customer's own plumbing facility and beyond the District's delivery point and is not caused by a failure of District facilities. The charge for investigation after working hours will be \$75.00 per trip. Any maintenance and repair of facilities beyond District's delivery point is the responsibility of the customer.
4. When an investigation of facilities on customer's premises reveals an unauthorized use of a sewer system, an investigation fee of \$75.00 shall be charged. The actual cost of repairing damage and correcting the improper service connection, if any, shall be charged and the customer's bill shall be paid for the amount of service rendered.
5. When a check is accepted for payment of a bill and the check is not honored by the financial institution, a return check charge of \$35.00 shall be charged.
6. A charge of \$50.00 shall be made to inspect a customer's service line from the point of use by the customer to the District's point of acceptance of waste. The service line inspection charge may be waived if confirmation is received from the Kentucky State Plumbing Inspector that a State Plumbing Permit has been obtained and the State Plumbing Inspector will inspect the service line.
