GENERAL SUBSCRIBER SERVICES TARIFF

Ballard Rural Telephone Cooperative Corporation, Inc.

Section A
Original Sheet 1

A. DEFINITION OF TERMS

ACCESSORIES

Devices which are mechanically attached to, or used with, the facilities furnished by the Company and which are independent of, and not electrically, acoustically or inductively connected to the communications path of the telecommunications systems.

ADDITIONAL LISTING

Any listing of a name or other authorized information in connection with a customer's telephone number in addition to that to which he is entitled in connection with his regular service.

ANSWERING SERVICE LINES

Lines of patrons of a telephone answering service which terminate in the telephone answering facilities on the premises of the answering service so as to permit the answering service attendant to answer incoming calls on such lines.

APPLICANT

A person, firm, partnership, corporation, cooperative organization, governmental agency, etc., requesting service from the Company.

AUTHORIZED PROTECTIVE CONNECTING MODULE

The term authorized protective connecting module denotes a protective unit designed and manufactured under the control of telephone company quality assurance procedures, which unit is to be incorporated in a conforming device.

AUTHORIZED USER

A person, firm or corporation (other than the customer) on whose premise a telephone, PBX, or private line service or channel is located and who may communicate over such channels in accordance with the terms of this Tariff.

AUXILIARY INTERCOMMUNICATIONS SYSTEMS

Auxiliary Intercommunications Systems provide internal voice communications within a customer's premise by means of one-way or two-way intercom systems. ~~They are not~~ interconnected to outside toll telephone facilities even though they may be connected internally to a telephone system.

A. DEFINITION OF TERMS

AUXILIARY LINE

An additional individual line main station used for one-way (inward to the subscriber) service.

BASE RATE

A schedule rate for any form of exchange service or equipment which does not include mileage charges.

BASE RATE AREA

A specific area within an exchange service area as set forth in the telephone utilities tariffs, maps or descriptions. Local Exchange Service within this area is furnished at uniform rates without extra mileage charges.

BASIC TELEPHONE SERVICE

For the purpose of establishing rate and charges, basic telephone service is 1, 2, or 4 party business or residential local line service. Instrumentation supplied for basic telephone service are those instruments offered where no additional recurring charges apply.

BASIC TERMINATION CHARGE

See "Termination Charge".

BUILDING (Same)

The term "same building" is to be interpreted as a structure under one roof, or two or more structures under separate roofs but connected by enclosed passageways in which the wires or cables of the company can be safely run provided the plant facility requirements are not appreciably greater than would be required normally if all structures were under one roof. In those cases where there are several structures under separate roofs but connected by enclosed passageways and the plant facility requirements for furnishing service are appreciably greater than would be required normally if all the structures were under one roof, the term "same building" applies individually to each of the separate structures. Pipes and conduits are not considered enclosed passageways.

A. DEFINITION OF TERMS

KENTUCKY TELECOMMUNICATIONS RELAY SERVICE

The Kentucky Telecommunications Relay Service permits hearing and speech impaired users of telecommunications devices for deaf (TDD) to communicate with users of ordinary telephones. Communications take place by relaying conversations (voice to TDD and TDD to voice). These calls are between one party who must communicate by means of an ordinary telephone. Messages are rated from the rate center of the calling party to the rate center of the called party.

EXCHANGE

A unit established by a telephone utility for the administration of telecommunications service in a specific area for which a separate local rate schedule is provided. It may consist of one or more central offices together with associated plant facilities used in furnishing telecommunication services in that area.

EXCHANGE LINE

See "Network Access Line".

EXCHANGE SERVICE

The general telephone service rendered in accordance with tariff provisions of this Tariff.

- 1. Flat and Message Rate Service
 - A. Flat Rate Service – A classification of exchange service for which a stipulated charge is made, regardless of the amount of use.
 - B. Message Rate Service – A classification of non-coin box business exchange service which is charged for on the basis of amount of use.
- 2. Individual and Party Line Service
 - A. Individual Line Service – A classification for exchange service which provides that only one subscriber shall be served by the line connecting each subscriber with the central office.

A. DEFINITION OF TERMS

EXCHANGE SERVICE (Cont'd)

2. Individual and Party Line Service

B. Party Line Service – A classification of exchange service which provides that two or more subscribers may be served by the same central office line. Party line service is further classified by the grade of line, as follows:

- a. Two Party Line Service – The same central office line serving no more than two main subscribers.
- b. Four Party Line service – The same central office line serving no more than four main subscribers.
- c. Foreign Central Office Service – A classification of exchange service furnished to a subscriber in a multi-office other than the one from which service would normally be furnished.
- d. Foreign Exchange Service – A classification of exchange service furnished to a subscriber from an exchange other than the one from which he would normally be served.
- e. Touch Calling Service – A classification of exchange service furnished from certain specified central offices whereby calls are originated through the use of pushbuttons in lieu of a rotary dial.

EXCHANGE SERVICE AREA

The territory, including the base rate, suburban and rural areas served by an exchange, within which local telephone service is furnished at the exchange rates applicable within that area.

EXTENDED AREA SERVICE

A type of telephone service furnished under tariff provision whereby customers of a given exchange may complete calls to and, where provided by the Tariff, receive messages from one or more exchanges without the application of long distance message telecommunications charges.

Original Sheet 20

A. DEFINITION OF TERMS

TELEPHONE INSTRUMENT

Any communication device, either owned and leased by the Company to the customer, or owned by the customer, that can be used, when connected to the Company's local network, for the purpose of transmitting and receiving information.

TEMPORARY SERVICE

For the purpose of distinguishing between permanent and temporary service, temporary service is "any" service provided by the Company which (1) does not fulfill the requirements of a minimum service contract, (2) would create an unusual expense for the Company caused by the short duration of service.

TEMPORARY DISCONNECTION

An arrangement made at the request of the customer for temporarily discontinuing service without terminating the contract or removing the telephone equipment from the customer's premises.

TERMINATION CHARGE

A charge applying when a subscriber discontinues an item of service or equipment prior to the expiration of initial service period designated for such item. The basic termination charge is an amount established for an individual item of service or equipment from which the termination charge is computed.

TIE TRUNK

A circuit connecting two PBX systems for the purpose of intercommunicating between the stations connected with such PBX switching apparatus.

TOLL CENTER

A telephone switching center at which the operator (manual or dial) function (message timing, switching, and recording) takes place in connection with the provision of toll message service.

TOLL DENIAL CUSTOMIZED CODE RESTRICTION

A service which enables customers to restrict certain types of codes on out-going calls.

Section B
Original Sheet 3

B. GENERAL REGULATIONS

B.1 Application of Regulations

The regulations set forth herein apply to intrastate services and facilities furnished within the State of Kentucky by Ballard Rural Telephone Cooperative, hereinafter referred to as the "Company", subject to the jurisdiction of the Kentucky Public Service Commission. When service and facilities are provided in part by the Company and in part by other companies, the regulations of the Company apply to that portion of the service or facilities furnished by it.

B.2 Limitations and Use of Service

B.2.1 Use of Subscriber's Service

1. Telephone equipment and facilities are furnished for the use of the subscriber's employees, agents or representatives of the subscriber or members of the subscriber's domestic establishment except in connection with Pay Telephone service and except as the use of the service may be extended, in addition to other service which may be separately ordered, to joint users, patrons of hospitals or of hotels, members of clubs, students living in quarters furnished by schools, colleges or universities, to persons temporarily subleasing a subscriber's residential premises, or to tenants living in retirement complexes or to approved Sharing and Resale of Basic Local Exchange Service Subscribers or Customer Provided Pay Telephones.

B. GENERAL REGULATIONS

B.2 Limitations and Use of Service (Cont'd)

B.2.1 Use of Subscriber's Service (Cont'd)

- 2. Except as otherwise provided in this Tariff, service furnished by the Company is intended only for communications in which the subscriber has a direct interest and shall be received by him from any other person, firm, or corporation for use, or in the collection, transmission or delivery of any communications for others. This prohibition shall not apply to a subscriber who is engaged as a communications common carrier for message telegraph communications or to approved Sharing and Resale of Basic Local Exchange Service Subscribers, or customer provided Pay Telephones.
- 3. In view of the fact that the subscriber has exclusive control of his communications over the facilities furnished him by the Company, and of the other uses for which facilities may be furnished him by the Company, and because of unavoidable errors incident to the services and to the use of such facilities of the Company, the services and facilities furnished by the Company are subject to the terms, conditions, and limitations herein specified.

B.2.2 Establishment of Identity

- 1. The calling party shall establish his identity in the course of any communications as often as may be necessary.
- 2. The calling party shall be solely responsible for establishing the identity of the person with whom connection is made at the called location.

B.2.4 Minimum Contract Period

1. Except as specified elsewhere in this Tariff, the minimum contract period is three months from the date service or additions to service are established and the minimum charge is the authorized rate for one month. For purposes of rate administration, each month is considered to have 30 days.
2. The Company may require a contract period longer than three months at the same location in connection with special types or arrangements of equipment or for unusual construction necessary to meet specific demands for service.

B.2.5 Cancellation of Service

1. The Company may without notice either suspend service or terminate the subscriber's contract without suspension of service, or following a suspension of service, disconnect the service and remove any of its equipment from the subscriber's premises upon:
 - A. Abandonment of the service.
 - B. Failure of a subscriber to make suitable deposit as required by this Tariff.
 - C. Impersonation of another with fraudulent intent.
 - D. Listening in on party conversations.

B.2.6 Unauthorized Attachments or Connections

1. Except as provided by FCC regulations, no equipment, apparatus, circuit or device not furnished by the Company shall be attached to or connected with the facilities furnished by the Company whether physically, by induction or otherwise, except as provided in this Tariff and under current FCC rules governing the application of and use of customer provided equipment. In case such unauthorized attachment or connection is made, the Company shall have the right to remove or disconnect the same; or to suspend the service during the continuance of said attachments or connection or to terminate the service.
2. Where a maintenance or repair visit is made to the subscriber's premises and the difficulty or trouble report results from the use of unauthorized attachments or connections, the "Maintenance of Service Charge" as specified in Section D of the Tariff shall be applied.

B.2.7 Broadcast of Recordings of Telephone Conversations

The broadcasting of a recording of a telephone conversation during the period of recording is permissible provided that, in the interest of protecting the privacy of telephone service, the recording is made in accordance with the regulations governing connection with subscriber-provided voice recording equipment as specified in this Tariff.

B.2.8 Recorded Public Announcements

1. Use of Company facilities or service in connection with automatic announcement service, automatic answering and recording service, or miscellaneous devices for recorded public announcements are subject to the following conditions:

3. Private telephone numbers will not be furnished for use with recorded public announcements.
4. Failure to comply with the provisions of this Tariff shall be cause for termination of service.

B.2.9 Limited Communication

The Company reserves the right to limit the length of communication when necessary because of a shortage of facilities caused by emergency conditions.

B.2.10 Transmitting Messages

The Company does not transfer messages but offers the use of its facilities for communications between subscribers. If because of transmission difficulties, the operator, in order to accommodate the subscriber, repeats messages, she is deemed to be acting as the agent of the person involved and no liability shall attach to the Company because of any errors made by the operator or misunderstanding that may arise between subscribers because of the errors.

B.2.10 Transmitting Messages (Cont'd)

Where the Company transmits messages through the Kentucky Telecommunications Relay Service, the Company shall not be liable for errors in translating, transmitting, receiving or delivering messages by telephone, TDD, or any other instrumentality over the facilities of the Company, connecting utilities or through the Kentucky Telecommunications Relay Service, in the absence of gross negligence or willful misconduct.

B.2.11 Unlawful Use of Service

The service is furnished subject to the condition that it will not be used for any unlawful purpose. Service will be discontinued if any law enforcement agency, acting within its apparent jurisdiction, advises in writing that such service is being used in violation of law. The Company will refuse to furnish service when it has reasonable grounds to believe that such service will be used in violation of law.

B.2.12 Access to Subscriber Premises for Inspections

The Company reserves the right to access of the subscriber's premises and property to either inspect its facilities when the Company suspects that the subscriber is not using his/her facilities as prescribed by this Tariff. Should the subscriber refuse the Company its right to access after the Company has made reasonable efforts to arrange for a convenient time with the subscriber, the Company can, at its sole option, disconnect the service of the subscriber. Thereupon, if the subscriber permits the Company to make its inspection after disconnection of service and the facilities are found to be in conformance with the rules and regulations of this Tariff, the subscriber's service will be immediately restored.

Ballard Rural Telephone Cooperative Corporation, Inc.

Section B
Original Sheet 18

B. GENERAL REGULATIONS

B.3 Establishment and Furnishing of Service (Cont'd)

B.3.6 Telephone Numbers

1. The subscriber has no property right to the telephone number nor any right to continuance of service through any particular central office.
2. The Company reserves the right to change the subscriber's telephone number or the central office associated with such number, or both, as may be required for the proper conduct of its business.

B.3.7 Transfer of Service Between Subscribers

1. Service previously furnished one subscriber may be assumed by a new subscriber upon due notice of cancellation, provided there is not a lapse in the rendition of service. Such transfers are subject to service connection charge regulations and may be arranged for under the following conditions:
 - A. If the new subscriber, fully understanding the regulations governing the service and the status of the account and willingly assumes all obligation thereunder, then future bills will be rendered to him without an adjustment to or from any particular data, with the Company arranging for the requested change in billing and directory listing.

B.3.7 Transfer of Service Between Subscribers (Cont'd)

1. (Cont'd)

B. Under transfer of service, the reassignment of the old telephone number to the service of the new party is arranged for only after the former subscriber has given his consent to its use, and then only when, in the judgment of the Company there exists no relationship, business or otherwise, between the old and new subscriber, and when in the judgment of the Company, a change in the telephone number is not required.

C. When a relationship does exist, business or otherwise, between the old and new subscribers, the reassignment of the old telephone number will not be permitted unless all charges due under the current account have been paid, and then only when, in the judgment of the Company, a change in the telephone number is not required.

B.3.8 Floor Space, Electric Power and Operating at the Subscriber's Premises

1. The subscriber is responsible for the provision and maintenance at his expense of all suitable space and floor arrangements, including but not limited to, adequate lighting, proper relative humidity and temperature control, required on his premises for communication facilities provided by the Company in connection with services furnished to the subscriber by the Company. Any power outlets and commercial power required for the operation of such facilities shall be provided by, and at the expense of the subscriber.

B.3.14 Company Facilities at Hazardous or Inaccessible Locations

Where service is to be established at a location that would involve undue hazards, or where accessibility is impracticable to employees of the Company, the subscriber may be required to install and maintain the Company's equipment and facilities in a manner satisfactory to the Company, any remuneration to be based on the conditions involved.

B.3.15 Work Performed Outside Regular Working Hours

The rates and charges specified in this Tariff contemplate that all work in connection with furnishing or rearranging service be performed during regular working hours. Whenever a subscriber requests that work necessarily required in the furnishing or rearranging of his service be performed outside the Company's regular working hours or that work once begun be interrupted so that the Company incurs costs that would not otherwise have been incurred, the subscriber may be required to pay, in addition to the other rates and charges specified in this Tariff, the amount of additional costs incurred by the Company as a result of the subscriber's special requirements.

B.3.16 Additional Telephone Instruments

The monthly lease rates for Additional Telephone instruments provided by the Company in the local exchange Tariffs for each exchange include circuits not exceeding 150 feet in length connecting instruments when both instruments are located in the same building or on the same premises.

Resale of Basic Local Exchange Service is permitted only under the specific conditions described in this Tariff. For the purpose of this Tariff section, "sharing" of Basic Local Exchange Service is considered synonymous with "resale" of Basic Local Exchange Service.
- B. When, in the judgment of the Company, it is deemed necessary or when the projected number of clients is five or more, the customer must apply in writing to resell exchange services provided by the Company and may be required to submit layout maps defining the intended geographic resale area and anticipated development plan in terms of new or existing buildings.
- C. All rates and charges in connection with the resale operation and all repairs and rearrangements behind and including the reseller's communication system will be the responsibility of the reseller (customer of record) owner. The reseller will be the single point of contact for all shared tenant services provided in the resale service area. D. Nothing in this Tariff section impairs the Company's franchise or ability to operate in the state. This Tariff is not intended, nor does it enfranchise or certify the recipients of this service as a telecommunications company.

E. Resale is permitted where facilities permit and within the confines of specifically identified continuous property areas under the control of a single owner or within a common development with a single name identity, such as multi-tenant office buildings, apartment complexes, condominium complexes, commercial malls, campus complexes and office and industrial parks. Areas designated for resale may be intersected or transversed by public thoroughfares provided that the adjacent property segments created by intersecting or transversing thoroughfares would be contiguous in the absence of the thoroughfare. If a designated resale service area is located within the confines of more than one exchange boundary, the serving central office will be determined by the Company. A resale area may be served by one central office only.

F. The premises definition as applies to resale of Basic Local Exchange Service is a resale area as defined by layout maps if appropriate.

Section B
Original Sheet 36

B. GENERAL REGULATIONS

B.3 Establishment and Furnishing of Service (Cont'd)

B.3.20 Shared Tenant Service Offerings (Cont'd)

2. Regulations and Application of Rates (Cont'd)

- C. The service establishment charge shown in 3A applies for all resale service applications processed under this Tariff and is in addition to all other applicable nonrecurring and recurring charges.
- D. Whether the tenants included in a resale service area are residence or business, such tenants may be served by the reseller, and the same business rates specified in this and other Tariffs will apply to the reseller.
- E. The minimum period of service is 36 months with a Service Cancellation Fee (SCF) applicable at the date of termination based on the exchange rates in effect. The service cancellation fee is reduced by 1/36 per month and will be an amount equal to the business rates being billed at the time of termination. A 9-month notice is required prior to termination of service by the reseller. If a 9-month notice is not received, the resellers will be required to continue to provide access service until the Company can provide individual access facilities, but in no case will this requirement extend beyond 9 months from the date that the notice is received.

B.3.20 Shared Tenant Service Offerings (Cont'd)

2. Regulations and Application of Rates (Cont'd)

F. When a subscriber located within the designated resale service area wishes to be directly served by the Company on a non-resale basis, or when Ballard or customer provided Coin Telephone Service is to be provided in the resale service area, the owner/developer will bear the responsibility for and cost of providing premises access for such services. The owner/developer will make either cable pairs or their equivalents available, or provide facility support (conduit or poles) access to the Company at no charge for provision of these services.

G. The Company will provide facilities to the first point (demarcation/network interface) on the reseller's premises which, in the judgment of the Company, is suitable for the location of a network interface. The most economical route from existing network distribution facilities will generally determine the approach used in establishing the point-of-demarcation. The customer may designate an alternate approach route for entrance facilities at additional construction charges as specified in this Tariff. The Company will extend the point-of-demarcation to any point designated by the reseller inside his premises at the charges specified in this Tariff. Route selection and location of point-of-demarcation must be in compliance with regulations set forth in other sections of this Tariff and FCC Part 68.

B.4.2 Establishment of Credit

1. The company will furnish service to any individual or firm upon the establishment of appropriate credit or payment of a cash deposit. In accordance with Kentucky Public Service Commission rules, the Company is not obligated to furnish service to any customer with an outstanding bill at the same or different address until suitable arrangements for payment of this bill has been made. In order to insure the payment of all charges due for its services, the Company will require a customer to establish credit in one of the following ways:
 - A. By furnishing references suitable to the Company;
 - B. By providing a suitable guarantee in writing in a form prescribed by the Company;
 - C. By means of cash deposit;
 - D. By having been a satisfactory subscriber of the Company.

B.4.3 Deposits

1. Unless appropriate credit has been otherwise established, the Company will require a customer to pay a minimum cash deposit of an amount not to exceed two-twelfths (2/12) of the estimated annual bill. The deposit will be based upon the customer's actual usage at the same or different location. If this information is not available, the deposit will be based on the average bills of similar customers and premises in the system.
2. The Company will pay interest on all deposits and the interest rate is calculated by averaging the one (1) year constant maturity treasury rate from September, October, and November. The Commission will determine the rate and post it to the website by December 15 of each year. Interest accrued will be refunded to the customer or credited to the customer's bill on an annual basis. If interest is paid or credited to the customer's bill prior to the twelve (12) months from the date of deposit, or the last interest payment date, the payment or credit shall be on a prorated basis.

C.1 Local Exchange Rates

C.1.1 Definitions

- 1. Network Access Charge - The recurring monthly charge for residential or Business service that accounts for network services through the protector. This covers the Company's cost for bringing the entire network to the local premise.

C.1.2 Monthly exchange service rates as authorized by the Kentucky Public Service Commission.

- 1. Pursuant to KPSC Administrative Case No. 372, a monthly surcharge shall be imposed on all local exchange access lines, or in the case of ESSX service per Network Access Register (NAR). For purposes of application of this surcharge, access lines are defined as facilities which provide access to and from the telecommunications network for toll service and for local calling with the exception of Public Coin, WATS, Remote Call Forwarding, Radio Common Carrier, InterLATA Foreign Exchange Lines, Private Line Service, Mobile, Other Common Carriers, and Company Official Accounts. The Commission has determined the amount of the surcharge will be \$.02 per access line. (R) However, this amount is subject to change by the Commission to meet the needs of providing Dual Party Relay service for the hearing and/or speech impaired persons in Kentucky.

C.3.1 Description of Service

1. The Lifeline program is designed to increase the availability of telecommunications services to low income subscribers by providing a credit to monthly recurring local service for qualifying residential subscribers. Basic terms and conditions are in compliance with the FCC's Order on Universal Service in CC Docket 97-157, which adopts the Federal-State Joint Board recommendation in CC Docket 96-45 which complies with the Telecommunications Act of 1996. Specific terms and conditions are as prescribed by the Kentucky Public Service Commission and are as set forth in this Tariff.
2. Lifeline is supported by the Federal Universal Service Fund (USF) support mechanism and the state portion by a surcharge on access lines. The state universal service support mechanism will be funded by a Kentucky Public Service Commission approved charge on all customers' bills. (T)
3. Federal baseline support is available for each Lifeline service and is passed through to the subscriber. In addition state support is available for each Lifeline service and is passed through to the subscriber.
4. The total amount of the eligible credit will not exceed the sum of the state and federal subscriber support or the charge for local service, which includes the access line, the Subscriber Line Charge and local usage. (T)

C.3.3 Eligibility

1. To be eligible for a Lifeline credit, a customer must be a current recipient of any one of the following programs (T) or have income at or below 135 percent of the Federal Poverty Guidelines [Note 1].
 1. Supplemental Security Income (SSI)
 2. Supplemental Nutrition Assistance Program
 3. Medicaid
 4. Federal public housing / Section 8
 5. Veterans Pension Benefits (C)
 6. Survivor Pension Benefits (C)
 7. (D)
2. All applications for service are subject to verification with the state agency responsible for administration of the qualifying program.

C.3.4 Certification

1. Proof of eligibility in any of the qualifying low-income programs should be provided to the company at the time of application for service. The Lifeline credit will not be established until the Company has received proof of eligibility. If the customer requests installation prior to the company's receipt of proof of eligibility, the requested service will be provided without the Lifeline credit. When eligibility documentation is provided subsequent to installation, the Lifeline credit will be provided on a going forward basis.

D. SERVICE CHARGES

D.1 General

D.1.1 The term service charges as specified herein and in other sections of this tariff is defined as a non-recurring charge or charges applying to the ordering, installing, moving, changing, rearranging, and furnishing of telephone service. All service connection charges expressed in this section of the Tariff are in lieu of any membership fees specified in the by-laws of the Cooperative.

D.1.2 Charges in this section apply to basic single line business or residential service. Where equipment listed in other sections of this Tariff is installed in addition to, or in place of, basic single line instruments, installation charges may apply either in addition to, or in place of charges specified herein.

D.2 Payment of Service Charges

D.2.1 Payment of residential service charges for the initial establishment of service may be extended equally over a period of two months. However, at the Company's option, service charges may be required to be paid at the time of application.

D.2.2 The charges specified herein do not contemplate work being performed by Company employees at a time when overtime wages apply due to the request of the customer. If the customer requests overtime labor be performed or interrupts work once begun, a charge in addition to the specified charges will be made based on the additional costs involved.

E. CHARGES APPLICABLE UNDER SPECIAL CONDITIONS

E.1 Construction Charges

E.1.1 General

1. Special charges in the form of installation charges, monthly charges, or both, are applied in addition to the usual service connection charges and monthly rates, when, because of the occasional nature of the service or an unusual investment or expense, the revenue does not reasonably compensate the Company, as for example:
 - A. The facilities are provided in remote or undeveloped areas outside the Base Rate Area.
 - B. The facilities are provided on a temporary basis.
 - C. Conditions require the provision of special equipment or unusual methods of plant construction, installation or maintenance.
 - D. The customer's location requires the use of costly right-of-way.
2. Title to all construction, provided wholly or partly at a customer's expense, is vested in the Company.
3. The word "cost", when used in this Section, means the in-plant cost consisting of labor, engineering, materials, supervision and other overhead expenses associated with the construction. Estimated cost may be used; however, where the customer requests, actual cost will be used where practicable.

When attachments are made to poles of other companies in lieu of providing new pole line construction for which construction charges would be applicable under the provisions of this Section, the attachment rental charges to the Company may be assessed to the applicant(s) in whole or in part as the particular circumstances may warrant.
5. Except as otherwise provided herein, the regulations in this Tariff contemplate that the type of construction required to provide the quantity and class of service involved will be determined by the Company. The applicant may be required to pay the additional costs involved where a different type of construction than that proposed by the Company is desired.
6. The customer is required to pay construction charges made by another company providing facilities connecting with the facilities of the Telephone Company.
7. Construction charges will not apply to the customer's aerial or buried drop which extends from the last pole to the building in which the telephone is located.
8. When an applicant is so located that it is necessary to use private right-of-way to furnish service and the Company is unable to obtain the required right-of-way without cost, the applicant may be required to pay the costs incurred in securing, clearing and retaining such right-of-way.

E.1.2 Construction for Rural Service

Under normal conditions, or until the Company has met its requirements under Rural Utilities Service (RUS) and Area Cover Design (ACD), the Company will extend its lines to reach applicants within the exchange service area. After the ACD agreement has been met, the Company, without charge, will extend its lines to reach applicants within the exchange service area, subject to the following conditions:

1. Extension of rural line facilities outside the Base Rate Area will be provided without construction charges under the following conditions:
 - A. Under normal conditions, the Telephone Company will extend its rural lines one-half mile to reach a rural customer within the exchange area.
 - B. The Telephone Company will provide main line extensions for the provision of rural service to a group of applicants if the number of applicants in the group for permanent service on an annual basis averages one for each half mile or less of plant extension by shortest public highway measurement.

E. CHARGES APPLICABLE UNDER SPECIAL CONDITIONS

E.1 Construction Charges (Cont'd)

E.1.4 Poles and Wire on Public Highways and Private Property

1. Except as provided under "Temporary Service", no construction charge is made for the provision of new pole lines or wire on public highways within the Base Rate Area.
2. Except as provided under "Temporary Service", where the applicant is located outside the Base Rate Area and construction outside the plant is required to provide facilities to service one or more applicants, the applicant or applicants may be required to bear the cost of such construction.
3. Except as provided under "Temporary Service", neither station installations, including drop wire, protector, inside wiring, telephone sets or any plant within the Base Rate Area shall be considered as construction costs.
4. Poles on private property to be used as a part of the standard distributing plan serving subscribers in general are furnished, maintained and owned by the Company, subject to such construction charges as may be applicable.

E.2 Temporary Service

- E.2.1 When construction is required for temporary service and there is, in the opinion of the Company, no immediate prospect of reusing the plant involved, the customer may be required to pay all or a portion of the cost of such construction, including the cost of removing the plant provided. The salvage value of any plant removed shall be deducted from the total cost to be paid by the subscriber.

E.2 Temporary Service (Cont'd)

E.2.2 Under "unusual" conditions, station installations, including drop wire, protector, inside wiring, telephone sets and any common control equipment can be included, all or part, in the cost of construction. Inclusion of items mentioned here in any construction costs would be reviewed on an individual basis. Decisions made by the Company concerning construction costs under this paragraph would not be precedent setting with respect to other cases.

E.3 Charges for Unusual Installation

E.3.1 Limitations

1. Pre-installation of inside wire is limited to buildings under construction.
2. Should the Company provide pre-installed inside wire and its location is not suitable to the customer when construction is completed, the Company will complete its installation by the method desired by the customer at normal service charge rates.

E.3.2 Underground Service Entrances

When underground service connections are desired by the customer as initial installation in places where aerial drop wires would ordinarily be used to reach the customer's premises, or when aerial facilities are used to provide service or channels to a customer and subsequently the customer desires that such facilities be placed underground, the following regulations apply:

1. Underground service entrances may be provided at the customer's request as special construction in connection with either existing or new services in lieu of the usual aerial drop wire.
2. Buried service entrance facilities will be furnished without a construction charge where buried service wire or buried cable would normally be provided by the Company for service entrance unless agreements between the Company and a contractor or customer have been made prior to land development.
3. Where cable is laid in conduit, the underground conduit shall be constructed and maintained by or at the expense of the customer and in addition, the customer shall pay the cost of the underground cable including the cost of installation less the estimated cost to the Company of installing such aerial facilities as would be (or are) required to furnish the same service. The underground conduit shall be constructed in accordance with plans and specifications furnished by the Company.
4. The duct or ducts required in the underground conduit by the Company to furnish service shall be reserved for its exclusive use.

In addition, the customer shall pay the cost of the cable, including the cost of installation, less the estimated cost of installing such aerial drop as would be required to furnish the same service.
6. Where facilities are changed from aerial to underground, in addition to the above, the customer is charged the cost of dismantling and removing the aerial facilities.

E.4 Special Services and Facilities

Special services and facilities not ordinarily used in the furnishing of service and not otherwise mentioned in, or provided for or contemplated by the Tariff of the Company may be furnished or leased pursuant to special contract for such special service or facility for such period as may be agreed upon, provided such special service or facility does not interfere with the telephone service furnished by the Company.

In the event any such service or facility or the use made thereof interferes with, or the facilities used in furnishing such special service or facility are needed for the furnishing of telephone service by the Company, it may terminate such contract and cease to furnish such special service and facility after thirty days written notice to the customer and provided further that the Public Service Commission may terminate such contract whenever, in its opinion, public interest required such termination.

E.5 Moves or Changes of Existing Construction

When the Company shall move or change existing construction or equipment for which no specific charge is quoted in this Tariff, the person at whose request the move or change is made may be required to bear the cost of such move or change.

E.6 Construction in Residential Developments

E.6.1 Terms

1. Single family development is five or more adjoining lots in a recorded plan for the construction of single family residences including mobile homes intended for year round occupancy.
2. Duplex development is three or more lots in a recorded plan for the construction of dual family residences intended for year round occupancy.
3. Multi-family development is one or more lots in a recorded plan with three or more units planned for each lot and intended for year round occupancy. In this category would fall apartment complexes, apartment buildings and condominiums.
4. Speculative development is where a tract of land is being developed where distribution facilities of the Company have to be extended in conjunction with the development of the tract prior to its completion, either at the convenience of the developer or the Company and where dwellings are being constructed without a sales contract or signed lease. The intent of the term speculative is defined as a situation where the Company is requested to make facility investments with no firm guarantee of a timely return on that investment.

The term non-speculative is intended to mean that investment to a plant can be made with firm guarantees of a timely return on investments.

E.6.2 Conditions

Where requests are made of the Company by the developer of a residential development, the Company will require:

1. At his own expense, provide the Company with a detailed subdivision plan showing detailed surveys of each lot in the plan, street location and a key map showing all other specific locations.
2. At his own expense, provide the Company with easement satisfactory to the Company for occupancy and maintenance of distribution and related facilities except service lines in public places which the Company has the right to occupy.
3. At his own expense, the developer will clear easements for the aforementioned facilities of tree stumps and other obstructions.

5. Before the construction of Company facilities, the developer is responsible for identifying all underground facilities of others. Should, in the course of construction of its facilities, the Company damages the facilities of others that were not identified by the developer, the developer will bear all expense in the repair of said facilities.
6. During the following completion of construction of Company facilities and prior to completion of the development, the developer shall bear the cost of damage to the Company's facilities caused by the developer and others. This includes all distribution and service lines. Costs here are defined as labor, material and overhead expenses applicable at the time of damage. This liability is only to those areas where lots or buildings have not been sold or occupied by tenants and is still under construction or where development of lots have been completed and sold to a contractor operating independently of the developer.

E.6.3 Conditions – Speculative Development

If the development, in the sole opinion of the Company, is speculative, the following conditions apply in addition to those specified in Paragraph E.6.2.

1. After the developer has supplied the Company with a subdivision plan, the Company will prepare an estimate of costs involved in supplying distribution cable and service wires.
2. The developer will be required to post an amount (non-interest bearing) equal to the construction estimate.
3. The Company will then begin work on detailed engineering and construction of facilities required by the developer.
4. Once construction has been completed and the actual cost of construction has been determined, the developer will be refunded any difference should the cost be less than the amount originally posted or to pay the balance of the costs that exceed the original amount paid.
5. These funds will then be considered payment for construction of facilities. These facilities shall be owned and maintained by the Company.
6. As each dwelling unit is occupied and its occupant accepts service from the Company, the Company will refund the developer or his designate the pro rata share of the construction cost. The pro ration will be determined by dividing the total number of lots and dwelling units in the total development by the total cost of construction.

F. DIRECTORY LISTINGS

F.1 Regulations Applicable to Directory Listings

F.1.1 General

1. The rates and regulations specified herein for directory listings apply only to the alphabetical section of the directory. Listings are intended solely for the purpose of identifying subscribers' telephone numbers and as an aid to the use of telephone service.
2. The Telephone Company will furnish to its subscribers, without charge, one directory per access line or as it deems necessary for the efficient use of the service. Other directories will be furnished at the discretion of the Company at a reasonable charge.
3. Directories regularly furnished to subscribers are the property of the Telephone Company, are loaned to subscribers only as an aid to the use of the telephone service and are to be returned to the Telephone Company upon request. Subscribers must not deface or mutilate directories. The Telephone Company shall have the right to make a charge for directories issued in replacement of directories destroyed, defaced or mutilated while in the possession of the subscriber. No binder, holder or auxiliary cover, except such as may be provided by or with the consent of the Telephone Company, shall be used on or in connection with any directory furnished by the Telephone Company.
4. The listing of subscribers either without charge or at the rate specified herein for additional listings in the alphabetical section of the directory does not contemplate special prominence of arrangement. In accepting listings as requested by the subscribers or prospective subscribers, the Company will not be a party to controversies between subscribers as a result of the publication of such listings in its directories.
5. Listings must conform to the Company's specifications with respect to its directories. The Company reserves the right to reject listings when, in its judgment, such listings would tend to delay or impede the use of the service.

F.1.1 General (Cont'd)

6. The Company reserves the right to limit the length of any listing to one line in the directory by use of abbreviations when, in its judgment, the clearness of the listing and identification of the subscriber is not impaired thereby.
7. Except as hereinafter provided, only one listing is furnished without charge for each main service, joint user service, PBX system or Centrex system. Where a number of main services are provided on a rotary basis, they are considered as one service. If additional listings are required to properly identify the subscriber, such additional listings may be provided without charge to the extent that the number of listings allowed does not exceed the number of main station lines or PBX trunks associated with that service. Directory listings showing the appropriate station number may be furnished indented under the main listing or additional listings at the charge for additional listings. Such listings may be specific department, location or titles of key personnel.
8. Additional listings on rotary numbers usually bear the call number of the first line of the rotary group but, at the subscriber's request, they may bear any one of the rotary numbers.
9. Names of streets will be used in identifying the location of the subscriber except when, in the judgment of the Company, names of buildings, apartment houses or communities serve as a better means of identification. Corner addresses are undesirable and will be used only where the street number is not available. The use of floor, room or suite numbers of buildings or apartment houses or other such designation is not permitted.
10. Listings are not provided in connection with public telephone service except when the lists will facilitate the operations of the Company. No additional listings are permitted. Listings in connection with semipublic telephone service are furnished under the rates and regulations as other business service.
