12. Specialized Service Or Arrangements (Cont'd)

12.2 Move Charges (Cont'd)

(B) When service with a maximum termination liability charge associated with it is moved and is reinstalled at a new location, the customer may elect:

- to pay the unexpired portion of the maximum termination liability charge for the service, if any, with the application of a nonrecurring charge and the establishment of a new maximum termination liability charge for such service at the new location, or
- to continue service subject to the unexpired portion of the maximum termination liability charge, if any, and pay the estimated costs of moving such service, provided that the customer requests these charges be quoted prior to ordering the service move. Charges for moving such service will be based on estimated costs attributable to the move.

Move charges include the estimated costs of removal, restoration of service or facilities necessitated by the move, transportation, storage, reinstallation, engineering, labor, supervision, materials, administration, and any other specific items of cost directly attributable to the move.

12.3 Simplified Message Desk Interface (SMDI)

12.3.1 Description of Service

SMDI is a feature provided from certain Telephone Company central offices primarily for the use of customers who provide an answering bureau service or voice messaging service for their clients. When used in conjunction with an appropriate configuration of Call Forwarding capability on client lines, Message Waiting Indicator capability on client lines, multi-line hunt groups, and Voice Grade Special Access Channels, it will provide the following:

- (A) For a call to a client line which has been forwarded via Call Forwarding to the customer's multi-line hunt group, the following information and functions will be provided to the customer:

12.3 Simplified Message Desk Interface (SMDI) (Cont'd)

12.3.2 Regulations (Cont'd)

- (C) Voice Grade Special Access Channels serve as a data link between the Telephone Company's central office and the customer's premises and are furnished in accordance with the provisions set forth in 7. preceding.
- (D) A multi-line hunt group and Voice Grade Special Access Channel are required for each central office from which the customer elects to provide its answering bureau service or voice message service to clients located in such central office areas.
- (E) The customer must provide compatible modems for the transmission of data and a controller device to interface with the Voice Grade Special Access Channel which carries the calling information. The modems and controller device must comply with Bellcore Technical Reference TR-TSY-000283.
- (F) SMDI is offered from selected central offices where the Telephone Company has arranged the facilities for the service and is furnished subject to the availability of facilities.
- (G) SMDI will be furnished only when the customer contracts for an amount of access lines as may be required in the judgement of the Telephone Company to adequately carry its calling volume so as not to impair the service of other Telephone Company customers.
- (H) In case of an interruption to SMDI service, allowance for the period of interruption, if not due to the negligence of the customer, shall be a credit for each period of 24 hours or major fraction thereof (i.e., 12 plus hours) that the interruption continues. The credit shall be at the rate of 1/30 of the monthly rate for each such period. Other applicable regulations are specified in 2.4.4 preceding.
