

East Kentucky Network, LLC (“Company”) hereby submits the following information in accordance with the provisions of Administrative Case Nos. 359 and 370.

1. The name, street address, telephone number and fax number of the Company

General contact information
East Kentucky Network, LLC
101 Technology Trail
Ivel, Kentucky 41642
Voice: (606) 791-2375
Fax: (606) 791-2225

Issues concerning customer service, including complaints, may be referred to Beverly Bell, Customer Care Manager, at the above address.

Regulatory issues may be referred to Michael Huffman, Controller, at the same address.

2. Articles of Organization

Articles of Organization are included in Attachment 1 of this filing.

3. Statements about Service Offering

Prior to filing this application, the Company has not provided intrastate services to the public.

As defined in Administrative Case No. 330, the Company does not intend to provide any operator services.

The Company intends at this time to provide services as a Competitive Access Provider and accordingly, will offer services exclusively through contracts. Should its business plans change at a later date, the Company will file tariffs as required. The terms and rates for services will be included in the contract with the customer. Any notices of changes will be provided to the customer through the Company’s sales and support staff unless otherwise agreed to by the customer as part of the service contract.

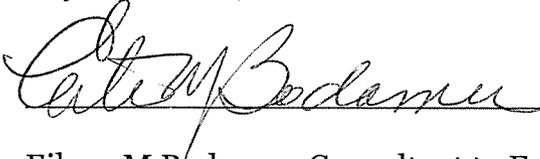

Because the Company will tailor its invoice to reflect the nature and rate to be billed for the services purchased, the Company does not have a standard bill that it may include with this Application. It does, however, use the same billing system as its affiliate, Appalachian Wireless, and is confident that its bills to its customers will meet all state and federal requirements including, but not limited to, truth-in-billing rules.

4. Status of Interconnection Agreement

The Company is currently reviewing its needs for interconnection. It anticipates that it will request an interconnection agreement with the incumbent local exchange carrier(s) in its anticipated markets and expects those agreement(s) will be filed with the Commission as required by state and / or federal rules.

Respectfully Submitted,

By:  _____

Eileen M Bodamer, Consultant to East Kentucky Network, LLC
