## TARIFF FORMAT

A. Sheet Numbering: Sheet numbers appear in the upper right corner of the page. Sheets are numbered sequentially. However, new sheets are occasionally added to the tariff. When a new sheet is added between sheets already in effect, a decimal is added. For example, a new sheet added between pages 11 and 12 would be page 11.1.
B. Sheet Revision Numbers: Revision numbers also appear in the upper right corner of each sheet where applicable. These numbers are used to indicate the most current page version on file with the Commission. For example, 4 th Revised Sheet 13 cancels 3 rd Revised Sheet 13. Consult the Check Sheet for the sheets currently in effect.
C. Paragraph Numbering Sequence: There are nine levels of paragraph coding. Each level of coding is subservient to its next higher level:

D. Check Sheets: When a tariff filing is made with the Commission, an updated Check Sheet accompanies the tariff filing. The Check Sheet lists the sheets contained in the tariff, with a cross reference to the current Revision Number. When new sheets are added, the Check Sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (*). There will be no other symbols used on this sheet if these are the only changes made to it (i.e., the format, etc. remains the same,

## APPLICATION OF TARIFF

This tariff contains the regulations and rates applicable to intrastate resale telecommunications services provided by OneStar for telecommunications between points within the Commonwealth of Kentucky. Resale services are furnished subject to the availability of facilities and subject to the terms and conditions of this tariff in compliance with limitations set forth in the Commission's rules. The Company's services are provided on a statewide basis and are not intended to be limited geographically. The Company offers service to all those who desire to purchase service from the Company consistent with all of the provisions of this tariff. Customers interested in the Company's services shall file a service application with the Company which fully identifies the Customer, the services requested and other information requested by the Company. The Company reserves the right to examine the credit record and check the references of all applicants and Customers. The Company may examine the credit profile/record of any applicant prior to accepting the service order. The service application shall not obligate the Company to provide services or to continue to provide service if a later check of applicant's credit record is, in the opinion of the company, contrary to the best interest of the Company. The Company may act as the Customer's agent for ordering access connection facilities provided by other carriers or entities when authorized by the Customer, to allow connection of a Customer's location to a service provided by the company. The Customer shall be responsible for all charges due for such service arrangement.

The services provided by Onestar are not part of a joint undertaking with any other entity providing telecommunications channels, facilities, or services, but may involve the resale of the Message Toll Services (MTS) and Wide Area Telecommunications Services (WATS) of underlying common carriers subject to the jurisdiction of this Commission.

The rates and regulations contained in this tariff apply only to the resale services furnished by OneStar and do not apply, unless otherwise specified, to the lines, facilities, or services provided
 use in accessing the services of Onestar.

### 1.1 Description of Service

1.1.1 Carrier is a common carrier providing intrastate communications service to customers for their direct transmission of voice, data, and other types of telecommunications to points within the Commonwealth of Kentucky.

Outbound Services - Outbound service consists of the furnishing of long distance telephone service between telephone stations located within the Commonwealth of Kentucky. Such service is available twenty-four (24) hours a day, seven (7) days a week.

The Company's customers may place calls from any location in the state of Kentucky. Customers will be charged for calls based on the type of service, distance between the originating and terminating points, the time of day, the duration of the call, the minimum usage requirement, and/or the volume of use as outlined in the following Rate Program Current Price List section. Outbound services are either flat or banded as outlined in the following Rate Program Current Price List section.

Service is provided only to customers who have established an account with the Company; calls that are not identified as those of an established customer will be blocked. Access to outbound services is available to customers who subscribe to a local exchange carrier's (LEC's) end user common line service, and to their authorized users. Access is obtained by presubscription to the Company as the intrastate/interlata carrier and/or intrastate/intraLata carrier for the end user common line.

Outbound calls are originated over LEC-provided public switched facilities (Feature Groups) or dedicated access lines (DAL's) and routed over the OneStar network. The calls are terminated on the LEC-provided public switched network (Feature Groups).

Inbound Services - Inbound services allow callers located in the Commonwealth of Kentucky to place toll-free calls to the customers by dialing an assigned telephone number in the toll-free area codes. Calls may be terminated either to the customer's local exchange telephone service or to a dedicated access line (DAL). Such service is available twenty-four (24) hours a day, seven (7) days a week.

Prepaid Calling Card Services - This service permits use of Prepaid Calling Cards for placing long distance calls. Customers may purchase OneStar Prepaid Calling Cards at a variety of retail outlets or through other distribution channels. OneStar Prepaid Calling Cards are available at a variety of face values. OneStar Prepaid Calling Card service is accessed using the OneStar toll-free number printed on the card. The caller is prompted by an automated voice response duration on a real time basis to determine the number of Telecom Units consumed. The total consumed Telecom Units for each call is deducted from the remaining Telecom Unit balance on the Customer's OneStar Prepaid Calling Card.

All calls must be charged against Prepaid Calling Card that has a sufficient Telecom Unit balánce. A Customer's call will be interrupted with an announcement when the balance is about to be depleted.

A credit allowance for Onestar Prepaid Calling Card Service is applicable to calls that are interrupted due to poor transmission, one-way transmission, or involuntary disconnection of a call. To receive the proper credit, the Customer must notify the Company at the designated toll-free customer service number printed on the OneStar Prepaid Calling Card and furnish the called number, the trouble experienced (e.g. cut-off, noisy circuit, etc.), and the approximate time that the call was placed.

When a call charged to a OneStar Prepaid Calling Card is interrupted due to cut-off, one-way transmission, or poor transmission conditions, the Customer will receive a credit equivalent of one Telecom Unit. Credit allowances for calls pursuant to OneStar Prepaid Card Service do not apply for interruptions not reported promptly to the Company or interruptions that are due to the failure of power, equipment or systems not provided by the Company.

In order to continue the call, the Customer can either call the toll-free number on the back of the OneStar Prepaid Calling Card and "recharge" the balance on the card using a nationally recognized credit card, or the Customer can throw the card away and purchase a new one. Calls in progress will be terminated by the Company if the balance on the Onestar Prepaid Calling Card is insufficient to continue the call and the Customer fails to enter the number of another valid OneStar Prepaid Calling Card prior to termination.

A card will expire 12 months from the date of purchase, or the date of last recharge, whichever is later. The Company will not refund unused balances.
