10.7 Limitations

1. No use, however extended, of the Company’s poles under this tariff shall create or vest in the Attacher any ownership or property right in said poles. Nothing herein contained shall be construed to compel the Company to maintain any of its facilities for a period longer than that demanded by its other service requirements.

3. The Company reserves the right to provide pole attachment to more than one Attacher and to make such space available to other entities. This tariff shall not limit the rights and privileges previously granted to others to use any poles covered by this tariff, and the privileges provided by this tariff shall at all times be subject to such previously granted rights.
4. Failure to enforce or insist upon compliance with any of the terms or conditions of this tariff shall not constitute a general waiver or relinquishment of any such terms or conditions, but the same shall be and remain at all times in effect.
5. In order to assure confident coverage of the indemnity and insurance requirements, the Attacher shall not assign, transfer or sublet any rights to make pole attachments hereunder without notification to the Company.

7. The Company shall not be required to provide access to any pole that is used primarily to support outdoor lighting.

10.15 Overlashing

1. No less than thirty (30) days prior to a planned overlash, the existing Attacher shall provide advance notice to the Company of its intent to allow overlashing of its Attachments.
