CONTRACT FOR WATER SERVICES

THIS CONTRACT made and entered into this \_\_\_\_\_ day of \_\_\_\_\_,  
19\_\_\_\_, between \_\_\_\_\_, a resident of \_\_\_\_\_  
\_\_\_\_\_, (Customer), and BRACKEN  
COUNTY WATER DISTRICT, of Bracken County, City Building,  
Brooksville, Kentucky 41004 (District):

WITNESSETH THAT for and in consideration of the provision of  
water service by the District, the customer hereby agrees to  
contract with the District as follows:

The customer hereby agrees to pay to the District as a tap  
fee connecting to the District Water System, the sum of money  
checked in the following schedule for each tap requested,  
simultaneously with signing:

SCHEDULE OF FEES

Number of Taps

\_\_\_\_\_ General Service Connection (per tap). . . . \$500.00  
\_\_\_\_\_ SPECIAL CONTRACTS: (The actual cost of installation  
will vary according to the size of service and the  
cost of the materials). . . . \$\_\_\_\_\_

(NOTE: The Customer shall indicate the number of each type.)

The Monthly Water Rates to be charged are currently \_\_\_\_\_  
for the first 2,000 gallons and \_\_\_\_\_ for each 1,000 gallons  
or portion of 1000 gallons used thereafter, subject to review as  
approved by the Public Service Commission of Kentucky.

*C3/97*

It is understood and agreed that the District reserves the right to determine the size of service connection to be used to supply water to the customer. A 5/8" meter will be used unless the customer contracts for a larger meter. A separate meter must be installed for each residence unless approved otherwise by the Commissioners of the District. The District reserves the right to disconnect the water service in accordance with the regulations of the Public Service Commission for noncompliance with the District's rules and regulations for non-payment of bills or for fraudulent or illegal use of service and shall not reconnect the service until the cause for disconnection has been corrected and the reconnection fee paid. (A copy of the District's Rules and Regulations are attached. The Public Service Commission's regulations are also available at the District office upon request.)

The customer agrees not to resell or give away water purchased hereunder.

The signing to this Contract by a Commissioner of the District is by authority of the Board of Commissioners and the signing hereof is in his official capacity only, and said Commissioner(s) shall not be personally liable on this Contract.

This Contract may be assigned to the successors or assigns of the District.

NOTICE OF DEPOSIT RECALCULATION

Bracken County Water District has established an equal deposit amount of fifty dollars (\$50) for the Residential, Commercial and Industrial classes of customers of Bracken County Water District. This deposit amount is based upon an average bill of customers in this class and was calculated in March of 1995. At a customer's request, the deposit will be recalculated every eighteen (18) months based on the actual usage of the customer. If the deposit on account differs by more than ten (10) dollars for residential customers, or by more than ten (10) percent for nonresidential customers, from the deposit calculated on actual usage, then the utility shall refund any over-collection and may collect any underpayment. Refunds shall be made either by check or by credit to the customer's bill, except that a utility shall not be required to refund any excess deposit if the customer's bill is delinquent at the time of the recalculation.

RULES AND REGULATIONS

THE RULES AND REGULATIONS INCLUDED IN THE TARIFF OF BRACKEN COUNTY WATER DISTRICT ARE SUBJECT TO CHANGE BY THE BRACKEN COUNTY WATER DISTRICT'S COMMISSIONERS AT ANY TIME. CHANGES MAY BE SUBJECT TO APPROVAL BY THE PUBLIC SERVICE COMMISSION.

All service lines beyond the metering point should be installed of material consisting of copper or PVC pipe with a rating of not less than 160 psi. The size of the service line beyond the point of delivery should not be less than 3/4"; however, a larger size may be needed to provide adequate service. If the customer's point of use is at a higher elevation than the point of delivery, the customer should consult with a reputable engineering firm to size the service line from the point of delivery. Piping on the premises of a customer must be so installed that connections are conveniently located with respect to the District lines and mains. The customer shall provide a place for metering which is unobstructed and accessible at all times.

Should a prospective customer request service at a point of delivery which now, or in the future, does not provide a delivery pressure of 30 psi or does not meet his personal requirements, he may make provision for an individual pressure booster system. The manner of connection, location, cross-connection, protection and type is subject to approval by the District. The District reserves the right to require discontinuance and disconnection should the private booster system have a detrimental effect on the District's system.

In the installation of a service line, the customer shall leave the trench open and the pipe uncovered until it is inspected by the District and is shown to be free from any tee, branch connection, irregularity or other defects.

Multiple Users on One Meter:

- A. On all new connections, a separate meter must be installed for each residence, apartment unit, mobile home, business and each family unit residing in a duplex or other multiple unit premise.
- B. For existing customers, where two or more residences, mobile homes, apartment units, businesses, or family units residing in a duplex or other multiple unit premise are served by a single meter, the water bill will be computed as follows:
  - 1. A minimum bill will be charged for each unit served, with the remainder of the water charged through the current rate schedule.
  - 2. The customer whose name the meter is in will be responsible for the bill received.
