C 10-94

Bullock Pen Water District

RULES AND REGULATIONS

to pay any tap-in or connection fee to the District; provided all applicable meters for such connections shall be provided and installed by the Owners at the expense of the respective Owners, and without cost to the District.

- b. No such installation shall be made without written application by such Owners to the District.
- c. Upon the filing of such application with the District, the District shall test the respective lines of such Owners in such Parks for pressure testing to insure that such lines comply with acceptable standards and requirements of the District, which testing shall be effected within ten days after the filing of such application, or at the earliest feasible date, subject to weather conditions and other appropriate circumstances. At the time of filing of the application by the Owner to the District, the District shall supervise and/or apply a standard static pressure test to the lines of the Park, and all such lines shall be required to evidence compliance with the pressure testing requirements of the District prior to acceptance by the District.
- d. Following the installation of any such meter within the Park upon the conditions specified above, the responsibility for such lines and meters shall then be assumed by and discharged by the District.

2. Reimbursement for Master Meters Now Serving Mobile Home Parks

Individual Park Owners now served by master meters which were installed and paid for by said Owners shall receive reimbursement for the cost of such installations from the District before such master meters will be treated as the property of the District and before the water lines and individual customer meters of the Park Owners shall be transferred to and become the responsibility of the District for maintenance, operation, and repair.

and repairs to lines and meters within the Park until the date of written acceptance of said lines and meters by the District. Upon the expiration of said one year period and upon written acceptance by the District, all responsibility for such lines and meters shall be assumed and discharged by the District, and the Owners shall no longer have any responsibility for such maintenance and repairs.

4. Meter Reading and Billing.

- a. The District shall begin reading and billing of individual customer's meters as they are installed in mobile home parks, and shall make such computations as are necessary to bill the Park Owners for water consumed by the individual mobile homes prior to the installation of said individual customer's meters for said homes, at the rates approved by the Public Service Commission of Kentucky by Order dated March 22, 1978, as amended April 5, 1978.
- b. The water bills of the respective mobile homes shall be the responsibility of the individual mobile home owners, and under no circumstances will the Park Owners be liable for unpaid water bills of said mobile homes.

PUBLIC SERVICE COMMISSION
OF KENTUCKY
EFFECTIVE

5. Disconnections and Reconnections.

There shall be no disconnection or reconnection fees applicable to individual mobile homes moving in or out of the Park of any Owner.

JUN 02 1987

6. Deposits.

PURSUANT TO 807 KAR 5:011,
SECTION 9 (1)

- a. The District may require all mobile home owners to make the same security deposit that is applicable to other customers of the District before water service to said mobile home owners is provided by the District.
- b. The District will require payment of a security deposit in the amount of \$31.50 by each customer who is a tenant of a mobile home which is a rental unit in a Park within the District, before water service is provided to said customers by the District.
