DEPOSITS

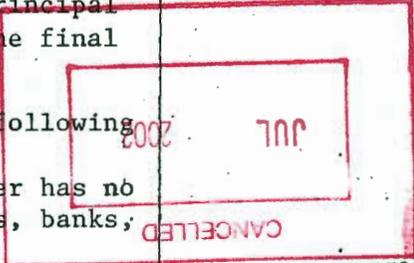

The East Laurel Water District may require a cash deposit to secure payment of bills. Service may be refused or discontinued for failure to pay the required deposit. Interest, as prescribed by KRS 74.050 will be paid annually either by refund or credit to the customer's bill, except that no refund or credit will be made if the customer's bill is delinquent on the anniversary date of the deposit.

The deposit may be waived upon a customer's showing of satisfactory credit or payment history, and required deposits will be returned after one (1) year if the customer has established a satisfactory payment record for that period. If a deposit has been waived or returned and the customer fails to maintain a satisfactory payment record, a deposit may then be required. The District may require a deposit in addition to the initial deposit, if the customer's classification of service changes or if there is a substantial change in usage. Upon termination of service, the deposit, any principal amounts, and any interest earned and owing will be credited to the final bill with any remainder refunded to the customer.

In determining whether a deposit will be required or waived, the following criteria will be considered.

1. Previous payment history with the District. If the customer has no previous history with the District, statement from other utilities, banks, etc. may be presented by the customer as evidence of good credit.
2. Whether the customer has an established income or line of credit.
3. Length of time the customer has resided in the area.
4. Whether the customer has filed bankruptcy proceedings within the last seven years.
5. Whether the customer owns property in the area.
6. Whether another customer with a good payment history is willing to sign as a guarantor for an amount equal to the required deposit.

If a deposit is held longer than 18 months, the deposit will be recalculated at the customer's request based on the customer's actual usage. If the deposit on account differs from the recalculated amount by more than \$10.00 for a residential customer of 10 percent for a non residential customer,

RULES AND REGULATIONS

- 12. All meters will be located on the district mains and in the absence of special permission on the property to be served. Reference is made to a more detailed explanation contained in the By-Laws.
- 13. On all new connections, a separate meter must be installed for each residence, apartment, unit, mobile home, business, and each family unit residing in a duplex or other multi-unit premise.

For existing customers, where two or more residences, apartment units, mobile homes, businesses, or family units residing in a duplex or other multi-unit premise are served by a single water meter, the water bill for each occupant, tenant, business, or family unit will be computed as follows:

- a. The customer whose name the meter is in will be billed for the actual water registered by that meter;
- b. All other customers shall pay the minimum bill.

- 14. The District's system is not designed nor intended for use for fire protection in any manner whatsoever. Any customer using same for fire protection does so at their own full and sole responsibility.
