laid by it, but it will not maintain any service pipes which are Customer-owned.

- (c) The Company will make all connections to its mains and will specify the size, kind and quality of all materials.
- (d) The corporation cock, curb cock, curb box, meter box, and the street service pipe from the street main to the curb cock will be furnished, installed and maintained by the Company, and shall remain under its sole control and jurisdiction.
- (e) The curb box or meter box will be set on a level with the grade of the property as found and shall be kept accessible at all times.
- (f) The Company reserves the right to determine the size of each connection to its mains, and the service installed therefrom.
- (g) The Company will specify the size, kind and quality of the materials comprising the Customer's service pipe from the curb line to the place of consumption, but same shall be furnished, installed and maintained by the Customer at his own expense and risk.
- (h) The Customer's service pipe, all connections and appurtenances attached thereto shall be subject to the inspection of the Division of Plumbing or the Company before the water will be turned on, and all premises receiving a supply of water and all service pipe, valves, and connections, including any and all connections within the said premises, shall at all reasonable hours be subject to inspection by any duly authorized employees of the Company.
- (i) The service pipe shall be laid below the frost line (twenty-four (24) inches below ground level) at all points and shall be placed on firm and continuous earth so as to give unyielding and permanent support, shall not be laid in driveways, nor pass through premises other than that to be supplied, and shall be installed in a trench at least two feet in a horizontal direction from any other trench wherein are laid gas pipe, sewer pipe, or other facilities, public or private.
