chased, installed, owned and maintained by the Company, shall be placed, The cost of the service line or lines from the main distribution line or lines of the Company to the property line of each member shall be paid by the Company. The Company will also purchase and install a cut-off valve in each service line from its main distribution line or lines, such cut-off valve to be owned and maintained by the Company and to be installed on same portion of the service line owned by the Company. The Company shall have the sole and exclusive right to use of such cut-off valve to turn it on and off.

- B. Each member shall be entitled to not to exceed one (1) service line from the Company's water system unless otherwise approved by the board of directors and provided that the member shall be required to pay the prevalent tap fee for each service line. No new service line or change in an existing service line may be made which will interfere with an existing service line or the delivery of water therein. Each service line shall connect with the company's water system at the nearest available place to the place of desired use by the member if the Company's water system shall be of sufficient capacity to permit the delivery of water through a service line at that place without interfering with the delivery of water through a prior service line. If the company's water system shall be inadequate to permit the delivery of water through a service line installed at such place without interfering with the delivery of water through a prior service line, then such service line shall be installed at such place as may be designated by the company. Each member will be required to dig or have dug a ditch, to purchase and install, and to maintain such portion of the service line or lines from the property line of the member to his own dwelling; or other place of use on his premises at his own expense, provided that the Company may, if the board of directors so elect, purchase the pipe for and install such portion of such service line or lines, the cost of which will, however, be paid by the individual members.

**RULES AND REGULATIONS**

**V. Company's Liability.**

- A. The Company does not assume the responsibility of inspecting the member's piping or apparatus and will not be responsible therefor.
- B. The Company reserves the right to refuse service unless the member's lines or piping are installed in such manner as to prevent cross-connections or back-flow.
- C. The Company shall not be liable for damage of any kind whatsoever resulting from water or the use of water on the member's premises, unless such damage results directly from negligence on the part of the Company. The Company shall not be responsible for any damage done or by resulting from any defects in piping, fixtures, or appliances on the member's premises. The Company shall not be responsible for negligence of third persons, or forces beyond the control of the Company resulting in any interruption of service.
- D. Under normal conditions, the members will be notified of any anticipated interruptions of service.

**IV. Member's Responsibility.**

- A. Piping on the premises of the member must be so installed that the connections are conveniently located with respect to Company lines and mains.
- B. If the Company is called upon to provide additional meters, each place of metering will be considered as a separate and individual account.
- C. The Member shall provide a place of metering, which is unobstructed and accessible at all times.
- D. The Member shall furnish and maintain a private cut-off valve on the member's side of the meter. The Company is to provide a like valve on the Company's side of such meter.

**RULES AND REGULATIONS**

- E. The member's piping and apparatus shall be installed and maintained by the member at the member's expense in a safe and efficient manner and in accordance with the Company rules and regulations and in full compliance with sanitary regulations of the State Board of Health.
- F. The Member shall guarantee proper protection for the Company's property placed on the member's premises and shall permit access to it only by authorized representatives of the Company.
- F. In the event that any loss or damage to the property of the Company or any accident or injury to persons or property is caused by or results from the negligence or wrongful act of the member, his agent or employees, the cost of the necessary repairs or replacements shall be paid by the member to the Company and any liability otherwise resulting shall be assumed by the member.
- H. The amount of such loss or damage or the cost or repairs shall be added to the member's bill and if not paid, service may be discontinued by the Company.
- I. Water furnished by the Company shall be used for domestic consumption by the member, members of his household and employees only. The member shall not sell water to any other person or permit any other person to use said water. Water shall not be used for irrigation, fire protection, or other purposes, except that when water is available in sufficient quantity without interfering with the regular domestic consumption, then the water may be used for any other purpose. Disregard of this rule shall be sufficient cause for refusal or discontinuance of service.

**VII. Extensions to Mains and Services.**

- A. The Company will supply service for temporary purposes, provided that the Company has water available in excess of the Company's regular needs, and provided the Company has available material and equipment

necessary to supply said service. Each applicant for such service must pay in advance to the Company the Company's estimate of cost of labor and materials, less salvage value on removal, for installing and cost or removing such service.

- B. The Company will construct extensions to its water lines to points within its area in accordance with the prevailing rules and regulations of the Kentucky Public Service Commission.
- C. All line extensions shall be evidenced by contract, signed by the Company and the person advancing funds for said extension, but each contract shall be null and void unless approved by the Farmers Home Administration and other governing bodies.
- D. If refund of the advance is to be made, the following method shall apply: Twenty percent (20%) of the total gross revenue for water sales per year for each service connected to the new extension described in the agreement, for a period not to exceed five years, provided that the aggregate payments do not exceed the total amount deposited.

No refund shall be made from any revenue received from any lines leading up to or beyond the particular line extension covered by contract. It is understood that the Company may at its option at any time within the five year period, refund in full the difference between the amount that has already been refunded and the amount deposited.

**VIII. Access to Premises.**

- A. Duly authorized agents of the Company shall have access, at all reasonable hours, to the premises of the member for the purpose of installing or removing Company property, inspecting piping, reading or testing meters or for any other purpose in connection with the Company's service and facilities.
