RULES AND REGULATIONS

E. Special Non-recurring Charges:

1. The utility will collect for special nonrecurring charges to recover customer-specific costs incurred which would otherwise result in monetary loss to the utility or increased rates to other customers to whom no benefits accrue from the service provided or action taken. The utility may establish or change any special nonrecurring charge by applying for Public Service Commission approval of such charge in accordance with the provisions of 807 KAR 5:011, Section 10.
2. Special nonrecurring charges will be applied uniformly throughout the area served by the utility. Such charges will relate directly to the service performed or action taken and only yield enough revenue to pay the expenses incurred in rendering the service.
3. The utility will assess a charge for the following non-recurring services:
  - a) Connection/Turn-on Charge: Will be assessed for new service turn-ons, seasonal turn-ons, temporary service, or transfer of service. The charge will not be made for initial installation of service where a meter connection/tap-on charge is applicable.
  - b) Field Collection Charge: Will be assessed when a utility representative visits the premises of the service connection to terminate service, and the customer is on-site and pays the bill to avoid termination of service. This fee may only be charged once per billing period.
  - c) Late Payment Penalty: Will be assessed on the delinquent amount of the bill, less taxes. Pursuant to 807 KAR 5:006 Section 8 (3)(h), a penalty may be assessed only once on any bill for rendered services.
