The party of the FIRST PART shall install and maintain at its own expense a service line which shall begin at the meter and extend to the dwelling or place of use. The party of the FIRST PART shall also install a shutoff valve and a pressure reducing valve (PRV). The location of the water meter on the property will be determined by the party of the SECOND PART. A deposit of \$50.00 is to insure payment of monthly water bills and penalties on delinquent water accounts.

The parties hereto have computed, estimated and agreed upon said sum in an attempt to make a reasonable forecast of probable actual loss because of the difficulty of estimating with exactness the resulting damages.

The party of the FIRST PART agrees that no present or future source of water will be connected to any water lines served by the party of the SECOND PART'S water lines and will disconnect from his present water supply prior to connecting to and switching to the party of the SECOND PART'S system and shall eliminate their present and future cross-connections in his system.
