RULES AND REGULATIONS

The following rules and regulations are subject to change by the Water District Commissioners at any time subject to approval by the ~~Public Service Commissioners~~, *Utility Regulatory Commission*

1. These rules and regulations are in addition to the rules of the ~~Kentucky Public Service Commission~~, *Utility Regulatory Commission*
2. All taps and connections to the mains of the District shall be made by and/or under the direction and supervision of District personnel.
3. Water service may be discontinued by the District for any violation of any rule, regulation, or condition of service and especially for any of the following reasons:
 - a. Misrepresentation in the application or contract as to the property or fixtures to be supplied or additional use to be made of water.
 - b. Failure to report to the District additions to the property or fixtures to be supplied or additional use to be made of water.
 - c. Resale of water.
 - d. Waste or misuse of water due to improper or imperfect service pipes and/or failure to keep in suitable state of repair.
 - e. Tampering with meter, meter seal, service, or valves or permitting such tampering by others.
 - f. Connection, cross-connection, or permitting the same, of any separated water supply to premises which receive water from the District.
 - g. Nonpayment of bills.

CHRISTIAN COUNTY WATER DISTRICT

RULES AND REGULATIONS

4. Any customer desiring to discontinue the water service to his premises for any reason must give notice of discontinuance in writing at the business office of the District; otherwise, a customer shall remain liable for all water used and service rendered by the District until said notice is received by the District.
5. Bills and notices relating to the conduct of the business of the District will be mailed to the customer at the address listed on the users agreement unless a change of address has been filed in writing with the District; and the District shall not otherwise be responsible for delivery of any bill or notice nor will the customer be excused from the payment of any bill or any performance required in said notice.
6. Bills for water service are due and payable at the office of the District, or to any designated agent, on the date of issue. The past due date AUG 1979 will be the tenth day after the date of issue. Bills will be dated and mailed on the first day of each month.

CANCELLED

 - a. All bills not paid on or before the past due date shall be deemed delinquent and there shall be imposed a penalty on each bill not so paid in an amount equal to ten percent (10%) of the charges (other than sales tax) shown on the face amount of such delinquent bill. The District may serve a customer a written final notice of said delinquency. If delinquent bill is not paid within ten days after date of such final notice, the water supply to the customer may be discontinued without further notice.
7. Where the water supply to the customer has been discontinued for nonpayment of delinquent bills, a charge of \$20.00 will be made for reconnection of water service, but the reconnection will not be made until after all delinquent bills and other charges, if any, owed by the customer to the District have been paid.

RULES AND REGULATIONS

8. The District reserves the right to request a nominal sum to be placed on deposit with the District for the purpose of establishing or maintaining any customer's credit.
9. All meters shall be installed, renewed, and maintained at the expense of the District and the District reserves the right to determine the size and type of meter used.
10. Upon written request of any customer, the meter serving said customer shall be tested by the District. Such test will be made without charge to the customer if the meter has not been tested within 12 months preceding the requested test; otherwise, a charge of \$2.00 will be made and then only if the test indicates meter accuracy within the limits of 2%. If a meter is inaccurate in excess of 2%, adjustments shall be made for the two preceding months prior to test according to the inaccuracy in excess of 2%.
11. Where a meter has ceased to register, or meter reading could not be obtained, the quantity of water consumed will be based upon an average of the prior six months consumption and the conditions of water service prevailing during the period in which the meter failed to register.
12. The District shall make all reasonable efforts to eliminate interruption of service and when such interruptions occur will endeavor to re-establish service with the shortest possible delay. When the service is interrupted all consumers affected by such interruption will be notified in advance whenever it is possible to do so.
13. The District shall in no event be held responsible for any claim made against it by reason of the breaking of any mains or service pipes or by reason of any other interruption of the supply of water caused by the failure of machinery or stoppage for necessary repairs. No person shall be entitled to damages nor for any portion of a payment refunded for any interruption of service which in the opinion of the District may be deemed necessary.

RULES AND REGULATIONS

14. Customers having boilers and/or pressure vessels receiving a supply of water from the District must have a check valve on the water supply line and a vacuum valve on the steam line to prevent collapse in case the water supply from the District is discontinued or interrupted for any reason, with or without notice.
15. The premises receiving a supply of water and all service lines, meters and fixtures, including any fixtures within said premises, shall at all reasonable hours be subject to inspection by the District.
16. Piping on the premises of a customer must be so installed that connections are conveniently located with respect to the District lines and mains. The customer shall provide a place for metering which is unobstructed and accessible at all times.
17. The customer's service line shall be installed and maintained by the customer at his own expense in a safe and efficient manner and in accordance with the District rules and regulations and with the regulations of the Department of Health.
18. If any loss or damage to the property of the District or any accident or other injury to persons or property is caused by or results from the negligence or wrongful action of the customer, member of his household, his agent or employee, the cost of the necessary repairs or replacements shall be paid by the customer to the District and any liability otherwise resulting shall be that of the customer.
19. Water furnished by the District may be used for domestic consumption by the customer, member of his household, and employees only. The customer shall not sell the water to any other person.

DEPOSITS

The Company may require a minimum cash deposit or other guaranty to secure payment of bills except for customers qualifying for service reconnection pursuant to 807 KAR 5:006, Section 15, Winter Hardship Reconnection. Service may be refused or discontinued for failure to pay the requested deposit. Interest, as prescribed by KRS 278.460, will be paid annually either by refund or credit to the customer's bill, except that no refund or credit will be made if the customer's bill is delinquent on the anniversary date of the deposit.

The deposit may be waived upon a customer's showing of satisfactory credit or payment history, and required deposits will be returned after one (1) year if the customer has established a satisfactory payment record for that period. If a deposit has been waived or returned and the customer fails to maintain a satisfactory payment record, a deposit may then be required. The Company may require a deposit in addition to the initial deposit if the customer's classification of service changes or if there is a substantial change in usage. Upon termination of service, any principal amounts, and any interest earned and owing will be credited to the final bill with any remainder refunded to the customer.

In determining whether a deposit will be required or waived, the following criteria will be considered:

1. Previous payment history with the Company. If the customer has no previous history with the Company, statements from other utilities, banks, etc. may be presented by the customer as evidence of Good Credit.
2. Whether the customer has an established income.
3. Length of time the customer has resided or been located in the area.
4. Whether the customer owns property in the area.
5. Whether the customer has filed bankruptcy proceedings within the last seven years.
6. Whether another customer with a good payment history is willing to sign as a guarantor for an amount equal to the required deposit.

If a deposit is held longer than 18 months, the deposit will be recalculated at the customer's request based on the customer's actual usage. If the deposit on account differs from the recalculated amount by more than \$10.00 for a residential customer or 10 percent for a non-residential customer, the Company may collect any underpayment and shall refund any overpayment by check or credit to the customer's bill. No refund will be made if the customer's bill is delinquent at the time of the recalculation.

¹ Water districts should substitute KRS 74.050 and water associations should substitute KRS 273.392 since these statutes govern the rate of interest to be paid by water districts and associations.

FIRE DEPARTMENTS:

Any city, county, urban-county, charter county, fire protection district, or volunteer fire protection district ("User") may withdraw water from the utility's water distribution system for the purpose of fighting fires or training firefighters at no charge on the condition that it maintains estimates of the amount of water used for fire protection and training during the calendar month and reports the amount of this water usage to the utility no later than the 15th day of the following calendar month.

Any city, county, urban-county, charter county, fire protection district, or volunteer fire protection district that withdraws water from the utility's water distribution system for fire protection or training purposes and fails to submit the required report on water usage in a timely manner shall be assessed the cost of this water.

A non-reporting user's usage shall be presumed to 0.3 percent of the utility's total water sales for the calendar month. A non-reporting user may present evidence of its actual usage to rebut the presumed usage. The utility shall consider this evidence and may adjust the presumed usage amount accordingly.

The non-reporting user shall be billed for this usage at the lowest usage block rate regardless of customer classification that the utility charges.

A non-reporting user shall also be assessed a penalty of \$ 5.00(five) for each failure to submit a report in a timely manner.

Water Main Extensions.

(I) Normal extensions

An extension of fifty (50) feet or less shall be made by Christian County Water District (CCWD) to its existing distribution main without charge for a prospective customer who shall apply for and contract to use service for one (1) year or more.

Prior to acceptance of any applicant(s) request, the Board of Commissioners of CCWD must review and approve any line extension request.

All requirements contained herein must be met prior to construction. These requirements are, but are not limited to, the following: a detailed engineering plan and hydraulic model must be prepared and approved by both the Division of Water and the Board of Commissioners. All material to be used, as well as any individual or firm conducting work on the project must be approved by CCWD before start of construction. The individual or firm must present evidence of knowledge and experience in performing said work and must provide detailed references indicating their competence level to perform the necessary duties. All references must be verifiable.

An applicant for service may be required to provide an easement across his or her property for a water main that is necessary to provide service to his or her property. In no case, however, shall an applicant be required to obtain or provide an easement over property that he or she does not own. CCWD may include the cost of obtaining easements or rights-of-way in the total per foot cost of an extension and apportioned among the utility and customer in accordance with Administrative Regulation 807 KAR 5:066, Section 11.

RULES & REGULATIONS

(II) Other Extensions

A. When an extension of the District's main to serve an applicant or group of applicants amounts to more than fifty (50) feet per applicant, CCWD may require the total cost of the excessive footage over fifty (50) feet per applicant/customer to be deposited with the utility by the applicant or the applicants, based on the average estimated cost per foot of the total extension.

B. Nothing contained herein shall be construed to prohibit CCWD from making extensions under different arrangements if such arrangements have received the prior approval of the Public Service Commission.

C. Nothing contained herein shall be construed to prohibit CCWD from making at its expense extensions that herein, prescribed, provided like free extensions are made to other customers under similar conditions.

(IIA) Phase Projects

CCWD may extend new water service or expand and improve water service to any area at its own expense once it has obtained approval from the Board of Commissioners. The board will determine if adequate need exists to warrant the extension, if funding is available, if the area is serviceable by any other means, and if the extension is in the best interest of the ratepayers and the District for system growth, development and management. All easements must be obtained in a timely and cost effective manner. If this is not possible, as a last resort, the District may expend funds to obtain easements through court ordered condemnations. The Board of Commissioners will weigh the cost against the potential benefit of the extension, and will act accordingly.

RULES & REGULATIONS

(IIB) Cost Share Line Extensions

A cost-share line extension may be obtained when an individual or group wishes to proceed with a project and some type of public funding is either not available or is inadequate. If the possibility exists that not all funds can be provided by CCWD, a voluntary contribution may be offered to offset lack of funds. This contribution may be offered to facilitate the construction of the project in a timely manner. If approved, and if it meets all local, state, federal, and CCWD guidelines, this project may be constructed.

(IIC) Rock/Obstacle Clause

An additional charge shall be made for meter connections where rock is encountered, such rock condition being defined as limestone or other hard stratified material in a continuous volume of at least one cubic yard or more and which cannot be removed using ordinary excavation equipment. The charge shall be applied per linear trench foot and shall not exceed the actual cost of excavation.

(IID) Ten (10) Year Extension Plan

Each year, for a refund period of ten (10) years, CCWD shall refund to the customer or customers who paid for the excessive footage the cost of fifty (50) feet of the extension in place for each additional customer connected during the year whose service line is directly connected to the extension installed and not to extensions or lateral therefrom. Total amount refunded shall not exceed the amount paid the District. No refund shall be made after the refund period ends. There is nothing in this subparagraph or policy/plan which would prohibit either party or any party from making voluntary contribution toward this extension.

RULES & REGULATIONS

An applicant desiring an extension to a proposed real estate subdivision may be required to pay the entire cost of the extension. Each year, for a refund period of ten (10) years, the utility shall refund to the applicant who paid for the extension a sum equal to the cost of fifty (50) feet of the extension installed for each new customer connected during the year whose service line is directly connected to the extension installed by the developer, and not to extensions or laterals therefrom. Total amount refunded shall not exceed the amount paid to the utility. No refund shall be made for connections made to the extension after the refund period ends. There is nothing in this subparagraph or policy/plan which would prohibit either party or any party from making voluntary contribution toward this extension to facilitate its timely construction. An applicant requesting an extension may be required to provide easements for the water main throughout the proposed real estate subdivision that are necessary to provide water service to the proposed real estate subdivision.

CONTRACT FOR WATER SERVICE

PLUMBING PERMIT # _____
(HOMEOWNER, PLUMBER, FARM EXEMPT)

This **CONTRACT** is made and entered into this Day _____ of _____, 20__ between _____ whose address is _____

(Hereinafter "**CUSTOMER**"), and the Christian County Water District, P O Box 7, Hopkinsville, KY 42241-0007, (Hereinafter "**CCWD**")

WITNESSETH:

The **Customer** hereby agrees to connect to the **CCWD'S** Water System. The Tap-on fee of **CCWD'S** Water System is \$ _____.

1. It is understood and agreed upon that **CCWD** reserves the right to determine the size of the service connection to be used to supply water to the **CUSTOMER**. A _____ "meter will be used unless the **CUSTOMER** contracts for a larger meter. **A SEPARATE METER MUST BE INSTALLED FOR EACH RESIDENCE.**
2. **CUSTOMER** agrees to purchase water from **CCWD** and **CCWD** agrees to furnish water to the **CUSTOMER**. **CUSTOMER** further agrees to pay a monthly water rate based upon the amount of water used, or **pay a minimum bill until said water is used.** Said rate shall be approved by the Kentucky Public Service Commission. Deposits to insure payment of monthly water bills and penalties on delinquent water accounts shall be as the **CCWD** may hereafter prescribe.

RULES AND REGULATIONS

3. **CUSTOMER** rights hereunder are subject to such further rules and regulations as the **CCWD** may prescribe. **CCWD** may terminate service to any customer failing to pay a water bill when thirty (30) days past due or for violating **CCWD** regulations.
4. **CUSTOMER** understands that they are to pay their net water bills on or before the due date each month, and that a ten (10%) per cent late charge will be added for all bills not paid by that due date each month. It is further understood that late payments may not be reflected in the billing, and failure to receive bills will not avoid payment on the part of **CUSTOMER**. It is further agreed that all past due bills are subject to collection and trip fee charges paid in full before service is restored, in the event the service is terminated due to failure to pay water bill within thirty (30) days past due, or for violations of **CCWD** regulations. It is further understood that **CUSTOMER** shall be required to pay all charges incurred by **CCWD**, which includes a reasonable, approved reconnection fee in the event service has been terminated for lack of payment.
5. **CUSTOMER** further agrees to grant bargain, sell, transfer and convey unto **CCWD**, it's successors or assigns, a perpetual easement with the right to erect, construct, install, and lay and thereafter use, operate, inspect, repair, maintain, replace and remove a water line over, across and through the lands of the **CUSTOMER** situated in Christian County, KY. and further to grant unto **CCWD** the right of ingress and egress for these purposes over **CUSTOMER** property.
6. It is understood and agreed that maintenance of the water line from the meter to **CUSTOMER'S** residence, or other building served by the waterline, shall be the sole responsibility of **CUSTOMER**. It is also understood that when **CUSTOMER** requests the water service to begin for the benefit of **CUSTOMER**, they must have all valves or fixtures turned off, and **CCWD** is not responsible for water damage caused by open valves or fixtures.

RULES AND REGULATIONS

7. Effective November 2, 2006, no **CUSTOMER** shall connect more than one structure to a water meter for water service. For structures that **CCWD** served prior to November 2, 2006, in which two or more tenants or occupants (of different rental units) of property, including duplexes, apartment houses, mobile home parks, trailer parks, or other multi-unit premises, are served through a single water meter, the rates and charges shall be computed by dividing the number of gallons of water registered by such single meter by the number of units being served by such meter and then applying the result thus obtained to the water rate schedule. This amount shall then be multiplied by the total number of units to arrive at the monthly bill. The customer on record shall be responsible for paying the total monthly water bill. In no event shall the monthly bill applicable to each unit be less than the minimum water rate set forth in **CCWD's** filed rate schedules.
8. **CUSTOMER** agrees that no other present or future sources of water will be connected to any water line served by **CCWD** and will disconnect from their present water supply prior to connecting to and switching to the **CCWD** system, and shall eliminate their present or future cross connections in their system.
9. **CUSTOMER** agrees to have their hot water system inspected by a certified inspector or a representative of the state to determine if a thermal expansion unit is required and shall install said unit at their own expense. **CUSTOMER** does realize that a faulty hot water heater may damage the system and explosion of the tank could occur in some instances and possibilities could exist and may occur from a malfunction hot water system. Therefore, **CCWD** may install at its own digression pressure reducing valves or check valves for the protection of other **CCWD'S** customers.
10. Leak Adjustments: **CUSTOMER** may make a request for a bill adjustment in the event of a leak under the following conditions.
 1. The customer must request a leak adjustment in writing to the utility and must provide evidence in the form of an affidavit or of written invoices that reflect repairs on the customer's service line.

RULES AND REGULATIONS

2. The customer's bill will be based on two components: cost of average monthly usage billed at general service rates, and cost of excess water usage billed at \$_____ per 1,000 gallons. The cost of average monthly usage will be determined by calculating the customer's average monthly usage over a twelve month period. The customer will be billed for this usage at the utility's general service rates. Excess water usage is determined by subtracting average monthly usage from the total water usage indicated on the meter. This excess usage is billed at \$_____ per 1,000 gallons. The customer's bill will be the sum of the cost of average monthly usage and the cost of excess usage. All water passing through the meter must be accounted for and paid for by the customer.

3. If meter readings are not available for an entire twelve month period, the water bill will be estimated by the utility, subject to an upward or downward adjustment once a twelve month average of actual meter readings can be calculated.

4. A customer is permitted only one (1) leak adjustment for a twelve month period.

CHRISTIAN COUNTY WATER DISTRICT

SPECIAL CONTRACT

FLUSH HYDRANT RENTAL AGREEMENT

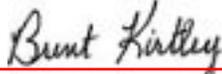

&

NON-TYPICAL SERVICE REQUEST

I _____, am renting a temporary water meter and/or making a non-typical service request from the Christian County Water District (CCWD). I agree to comply with all conditions and requirements on the attached "Contract for Water Service." I further agree to comply with all requirements, rules and regulations of all local, state and federal agencies as well as all requirements of the CCWD. I understand I am incurring an equipment rental charge of \$ _____, per day and/or \$ _____, per month for the use of the meter, copper setter, backflow preventer, and associated fittings and appurtenances. I accept full responsibility for the meter, copper setter, backflow preventer and associated fittings and appurtenances and agree to reimburse Christian County Water District (CCWD) for the damages, loss or theft of these items in the amount of _____.

I further agree I will not use or introduce chemicals into this water metering system. If, whether by accident or misuse this occurs, said meter and all associated fittings and appurtenances will be removed from service and I will pay to CCWD the replacement value of this unit. I acknowledge I will not connect a pump or other pressure altering device to this water system connection. I will not at any time generate more than a _____psi reduction in the main line pressure of CCWD and assume total responsibility for all damages and my actions.

A Security Deposit of \$ _____ is required. This Security Deposit will be refunded if the following conditions have been met: All devices are returned undamaged and in the proper working order, not exhibiting excessive wear and tear. All water usage, charges, and fees have been paid. CCWD may waive this requirement if the applicant has a current active account with CCWD or the applicant can demonstrate that it is solvent.

KENTUCKY PUBLIC SERVICE COMMISSION
James W. Gardner ACTING EXECUTIVE DIRECTOR
TARIFF BRANCH

EFFECTIVE 4/1/2016
PURSUANT TO 807 KAR 5:011 SECTION 9 (1)

I further agree to pay for all water usage/water withdrawals from CCWD as stated in the "Contract for Water Service" at the approved rate. I also understand that Section 10 of the Contract for Water Service does not apply to the use of this rental meter.

If my request for service is covered by this Special Contract and/or determined to be a non-typical/atypical request, I further agree to compensate CCWD the cost of its labor including travel time at a rate of \$ _____ per hour, with an after hour's rate of \$ _____. Additionally, I agree to reimburse CCWD a mileage fee/rate of \$ _____ per mile, as determined by the IRS business travel rate expense. I further agree to compensate CCWD for the use of any specialized equipment which I may request or which may be determined to be needed to complete my request. If applicable, I will be provided in advance an estimate by CCWD of the approximate cost either hourly, daily, or by the event of this specialized equipment.

I acknowledge the final decision will be made by CCWD of what is the best method, management, equipment, devices or means to protect its rate payers, water system or its employees. CCWD reserves the right to cancel/terminate this agreement/service at any time, with no prior notice, if and/or when it see fits.

By acknowledging below I further agree I will indemnify and hold Christian County Water District harmless. I further agree that I will list and defend Christian County Water District as my additionally insured on all liability insurance policies I carry while under contract for this hydrant meter and/or request for service.

CHRISTIAN COUNTY WATER DISTRICT

SPECIAL CONTRACT

FLUSH HYDRANT RENTAL AGREEMENT

&

NON-TYPICAL SERVICE REQUEST

Labor Cost Explanation

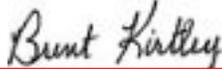

Employer's Cost based on a 40 hour standard time work week.
Cost included but not limited to the following:

- Average hourly rate of pay for field service employees
- Average employee health insurance cost
- Average employee dental cost
- Average Life Insurance cost
- Average uniform cost
- Average cell telephone cost
- Average FICA cost
- Average Worker Compensation Insurance cost
- Average CERS cost
- Average Unemployment tax cost
- General Liability Insurance cost (CCWD provider uses payroll to determine it's assessments)

CCWD's average cost currently is \$26.00 per hour based on the expenses as listed above.

Mileage

Mileage will be based on the IRS business travel expense rate. That rate for 2016 is currently \$ 0.54 per mile.
