- use of water for dirt control or compaction
- watering of annual or non-woody plants, lawns, parks, golf course fairways, playing fields and other recreational areas
- washing sidewalks, walkways, driveways, parking lots, tennis courts or other hard surface areas
- washing down buildings or structures for purposes other than immediate fire protection
- flushing gutters or permitting water to run or accumulate in any gutter or street

*Outdoor Commercial or Public Watering:*

- expanding nursery facilities, placing new irrigated agricultural land in production, or planting of landscaping except when required by a site design review process
- use of water for dirt control or compaction
- watering of lawns, parks, golf course fairways, playing fields and other recreational areas
- washing sidewalks, walkways, driveways, parking lots, tennis courts or other hard-surface areas
- washing down buildings or structures for purposes other than immediate fire protection
- flushing gutters or permitting water to run or accumulate in any gutter or street

*Recreational uses other than those specified in Class 2:*

- Non-commercial washing of motor and other vehicles

(d) "Base Entitlement" shall mean the monthly usage for a customer during the same month of the preceding calendar year or the average per customer usage for each class of service during the same month of the preceding year.

(e) "Curtailed Entitlement" shall mean the monthly usage for a customer after any curtailment percentage has been applied.

(f) "Curtailment" shall mean the reduction in entitlement by some percentage to meet anticipated water shortages.

(g) Water Shortage Response Phases:

"Advisory" shall mean that conditions exist which indicate the potential for serious raw or treated water supply shortage.

“Alert” shall mean the raw or treated water supplies are consistently below seasonal averages, and if they continue to decline, may not be adequate to meet normal needs.

“Emergency” shall mean that raw or treated water supplies are below the level necessary to meet normal needs and that serious shortages exist in the area.

(h) “Rationing” shall mean that procedures must be established to provide for the equitable distribution of critically-limited raw or treated water supplies, in order to balance demand and limited available supplies, and to assure that sufficient water is available to preserve public health and safety.

**Section 3. Applicability.** The provisions of this Plan shall apply to all retail and wholesale customers of the Crittenden/Livingston County Water District. When implemented, this Plan becomes Crittenden/Livingston County Water District Water Shortage Response Regulation.

**Section 4. Entitlements.** Entitlements shall be established for each customer by adjusting the base entitlement to reflect any known change in usage pattern.

**Section 5. Determination of Water Shortage.** Water supply and usage shall be monitored on a continuous basis. Unrestricted demand shall be projected from past records and adjusted for changes such as new developments and weather conditions on a regular basis. Water shortages generally occur for two reasons, a reduction in available supplies or a system failure. Each of these has a distinct influence on the nature and duration of the conservation program implemented. Official declaration of a water shortage stage and implementation of the measures necessary to curtail water use shall be approved by the Crittenden/Livingston County Fiscal Court and Crittenden/Livingston County Water District.

**Section 6. Term of Water Shortage Declaration.** Any water shortage declaration shall remain in effect until water supplies of service conditions have returned to normal. A final determination as to terminating a water shortage declaration shall be made by the Chairman of Crittenden/Livingston County Water District.

**Section 7. Water Shortage Stage, Criteria, Conservation and Curtailment Measures.**

A. Advisory Stage:

(1) Criteria: A water advisory shall be declared when the amount of treated water or raw water available for treatment is projected to be up to 5% less than normal. There are periods of low water pressure in one or more areas of the County due to

system failure or inadequacies of the State Division of Water issues a Water Shortage Watch which includes the areas from which the Crittenden/Livingston County Water District draws water. (Note: Additional conditions may be added based on local conditions.)

(2) Conservation and Curtailment Measures:

- (a) Declare a Water Shortage Advisory.
- (b) Provide proper notice to all customers and to all local news media.
- (c) Eliminate all water leaks.
- (d) Request voluntary conservation of all non-essential (Class 3) water use.
- (e) Request wholesale customers also issue request for voluntary conservation by their customers of all non-essential (Class 3) water use.

B. Alert Stage:

- (1) Criteria: A water alert shall be declared when the amount of treated water available is projected to be up to 10% below demand, or raw water supplies are consistently below seasonal averages and if they continue to decline, may not be adequate to meet normal needs. (Note: Additional conditions may be added based on local conditions.)

(2) Conservation and Curtailment Measures:

- (a) Declare Water Shortage Alert.
- (b) Provide proper notice to all customers and to all local news media.
- (c) Eliminate all water leaks.
- (d) Prohibit all non-essential (Class 3) water uses.
- (e) Curtail entitlements to all customers by the same percentage as the projected shortage.
- (f) Begin billing all customer water usage in excess of curtailed entitlement at the normal rate plus an excess usage charge of \$3.00 per 1,000 gallons.

C. Emergency Stage:

1. Criteria: A Water Emergency shall be declared when the amount of treated water available is projected to be up to 20% below demand, or there are periods of no water in one or more areas of the distribution system due to low water supply or raw water supplies below the level necessary to meet normal needs. (Note: Additional conditions may be added based on local conditions.)

2. Conservation and Curtailment Measures:

- (a) Declare Water Shortage Emergency.
- (b) Provide proper notice to all customers and to all local news media.
- (c) Eliminate all water leaks.
- (d) Prohibit all Class 3 uses of water.
- (e) Prohibit all Class 2 uses of water except domestic uses for kitchens, bathrooms and laundries.
- (f) Curtail all commercial and industrial entitlements (except Health Care Facilities) by 100%.
- (g) Curtail Residential entitlements by the same percentage as the projected shortage.
- (h) Curtail entitlements to all wholesale customers by the same percentage as the projected shortage.
- (i) Begin billing all customer water usage in excess of curtailed entitlement at the normal rate plus an excess usage charge of \$7.00 per 1,000 gallons.

D. Rationing Stage:

1. Criteria: Treated water available is greater than 40% below demand or raw water supplies are below the level necessary to meet essential needs, and in the opinion of Crittenden/Livingston County Water District mandatory rationing is required to insure adequate water is available to maintain public health and safety.

2. Conservation and Curtailment Measures:

- (a) Declare Water Shortage Rationing.
- (b) Provide proper notice to all customers and to all local news media.
- (c) Eliminate all water leaks.
- (d) Prohibit all Class 3 and Class 2 uses of water.
- (e) Curtail all commercial and industrial entitlement (except Health Care Facilities) by 100%.
- (f) Curtail all residential and wholesale entitlements by the same percentage as the projected shortage.
- (g) Implement service interruptions to portions of the system in accordance with approved published schedule. The schedule shall be provided to all local media.
- (h) Begin billing customer water usage in excess of curtailment entitlement at the normal rate plus an excess usage charge of \$15.00 per 1,000 gallons.

**Section 8. Enforcement of Water Restriction.** Any person who violates the provisions of this Plan, who fails to carry out the duties and responsibilities imposed by the Plan, or who impedes or interferes with any action undertaken or ordered pursuant to this Plan shall be subject to

- A. If the utility official charged with implementation and enforcement of this Plan learns of any violation of any water use restriction imposed, a written notice of the violation shall be affixed to the property where the violation occurred and mailed to the customer of record. Said notice shall describe the violation and order that it be corrected, cured, or abated immediately or within 48 hours.
- B. The notice will inform the customer of his or her right requesting a hearing before the utility's designee. If requested by the customer, he or she shall be given full opportunity to be heard before termination. The governing body shall make findings of fact and decide whether service should continue or terminate.
- C. Any customer whose water service is terminated for violating provisions of this water curtailment plan shall be subject to the approved reconnection fee prior to reconnection of service.
- D. The excess usage charge billing provisions of this Plan shall not be put in effect if a county or city ordinance containing penalty provisions is in effect to assist enforcement of this Plan.

**Section 9. Request for Exception.**

- (a) Exception to water use restrictions: If compliance with any curtailment measure authorized herein would cause a customer to bear extraordinary hardship, that individual or entity may apply to the Crittenden/Livingston County Water District for an exception. For these purposes, "extraordinary hardship" shall be defined as a condition which may threaten health and safety, or cause property or economic losses, each of which must be shown to be substantially more severe than the sacrifices borne by the users. If extraordinary hardship is found to exist, then an exception shall be granted and a written waiver issued to the customer. If an appeal is made, water service shall be continued until a decision is announced. Any person aggrieved by the decision may file a complaint with the Public Service Commission.
- (b) Exception to curtailment surcharge: Exceptions to excess use charges shall not be considered or granted.

**Section 10. Severability.** If any provision of this Plan is declared invalid by the courts, the remainder of the Plan and its applicability to other persons and circumstances shall not be affected by that declaration.

**Section 11. Effective Date.** This Plan shall take effect immediately upon approval by the Public Service Commission.

**CRITTENDEN/LIVINGSTON COUNTY WATER DISTRICT  
ALERT STAGE**

A water shortage **ALERT** has been declared for the Crittenden/Livingston County Water District.

Under the ALERT, and in order to ensure adequate supplies for necessary uses, Crittenden/Livingston County Water District customers are urged to practice conservation in all use of water. Class 3 Non-essential water use, is prohibited. The Crittenden/Livingston County Water District Water Shortage Response Plan Class 3, non-essential use, states as follows:

*CLASS 3 USES OF WATER*

1. Decorative fountains, reflecting pools, artificial waterfalls, and any other decorative uses of water.
2. Watering of gardens, lawns, parks, golf courses (except greens), playing fields and other recreation areas.
3. Filling of public, private, commercial, or residential swimming and wading pools.
4. Personal washing of motor vehicles, boats and trailers, driveways, etc.
5. Serving water in restaurants, clubs, or eating places unless specifically requested by the customers.
6. Filling of ponds.

Conservation of all water uses, accompanied by these restrictions, can reduce water use by 15 to 30 percent. The Crittenden/Livingston County Water District users can prolong limited water supplies, avoiding further restrictions, by observing these prohibitions and conserving water at all times.

If everyone cooperates, Crittenden/Livingston County Water District and its customers can cut out usage significantly.

If there are any questions or suggestions, they can be mailed to Crittenden/Livingston County Water District, 620 East Main Street, Salem, KY 42078.

The entire staff of Crittenden/Livingston County Water District appreciates the efforts of all individuals to help in this situation.

**CRITTENDEN/LIVINGSTON COUNTY WATER DISTRICT  
ADVISORY STAGE**

A local water shortage **ADVISORY** has been declared by the Board of Commissioners of Crittenden/Livingston County Water District. At this time, there is an immediate need to begin voluntary conservation measures. All business and commercial establishments are being requested to develop in-house conservation plans.

Due to the recent abnormally dry weather conditions and with little indication of significant rainfall in the foreseeable future, customers of Crittenden/Livingston County Water District should begin conserving water according to the Crittenden/Livingston County Water District.

According to Kentucky Division of Water, Water Shortage Department, consumers can cut water use by as much as 15% with very little difficulty or discomfort by using voluntary water conservation measures.

All non-essential uses of water should be minimized.

Specific conservation tips include:

1. Check toilet for leaks and have leaks repaired.
2. Do not use toilet as ashtray or wastebasket.
3. Put plastic bottles in toilet tank.
4. Take shorter showers.
5. Install water saving shower heads or flow restrictors.
6. Take baths.
7. Turn off water after wetting toothbrush.
8. Rinse razor in sink instead of letting water run.
9. Check faucets and pipes for leaks and have repaired.
10. Use automatic dishwasher for full loads only.
11. Wash full loads of clothes only.
12. If dishes are hand-washed, do not let water run to rinse them, fill the sink.
13. Do not let faucet run to rinse vegetables.
14. Keep a bottle of water in the refrigerator.
15. Water the lawn only when it needs it. Water it at night and deep soak. Do not water on windy days.
16. Place a layer of mulch around trees and plants.
17. Use a broom to clean driveways and sidewalks, not a hose.
18. Do not run the hose when washing vehicles.
19. Do not let children play with the hoses and sprinklers.
