RULES AND REGULATIONS

1. These rules and regulations are in addition to the rules of the Kentucky Public Service Commission.
2. Any resident of the Hardin County Water District #1 is eligible for water service at the regular prescribed rates, but there may be added an amount of fifteen percent (15%) of the prescribed rates to the water bills of customers located outside of the Water District.
3. The person (or firm) who applies for and receives water service to any property served by the waterworks system of the District shall be liable for the water charges prescribed for his (or its) particular type of connection.
4. The District reserves the right to request that a nominal amount be placed on deposit with the District for the purpose of establishing or maintaining any customer's credit, such amount not to exceed two-twelfths (2/12) of the estimated annual bill of such customer. Upon the payment of such deposit, the District shall issue to such customer a certificate of deposit, showing the name of the customer, the location of the initial premises occupied by the customer, and the date and amount of the deposit. The District will pay to such customer interest on such deposit at the rate of six percent (6%) per annum, until such deposit is reimbursed to the customer.
5. All temporary water users of less than one month will be required to make payment in advance for the amount of water which the Waterworks Superintendent estimates will be required.
6. No customer of said system (individual, corporate, or municipal) shall receive free water service or any water service without being charged the full rates prescribed for customers of the class in which customers fall.
7. That all rates and charges shall be billed on a monthly basis, but not necessarily on the basis of a calendar month, and each bill shall provide for a due date ten (10) days after the date of rendition of the bill. As to any bill or bills not paid within fifteen (15) days after the date of rendition of the bill there shall be added an additional charge of ten percent of the face amount of the bill, with the exception that each customer will be allowed one month per year that the delinquent charge will be waived.
