RULES AND REGULATIONS

D. Where the water supply to the customer has been disconnected for non-payment of delinquent bills, violations of the rules and regulations of the Association or at the customers request, a charge of \$25.00 will be made for reconnection of water service, but the reconnection will not be made until all delinquent bills and other charges, if any, owed by the customer to the Association have been paid, and the customer has complied with all rules and regulations of the Association. Also, \$10.00 will be charged when a trip is made to collect a delinquent bill, this trip may be made only after a written notice has been sent to a customer stating that if the bill is not paid by a certain date, the services will be disconnected.

4. Any customer desiring to discontinue the water service to his premises for any reason must give notice of discontinuance at the business office of the Association; otherwise, a customer shall remain liable for all water used and service rendered by the Association until said notice is received.

5. Where a meter has ceased to register, or meter reading could not be obtained, the quantity of water consumed for billing purposes will be based upon an average of the prior six months consumption and the conditions of water service prevailing during the period in which the meter failed to register.

PUBLIC SERVICE COMMISSION
OF KENTUCKY
EFFECTIVE

6. The Association shall make all reasonable efforts to eliminate interruption of service and when such interruptions occur will endeavor to reestablish service with the shortest possible delay. When the service is interrupted all customers affected by such interruption will be notified in advance whenever it is possible to do so.

RULES AND REGULATIONS

19. Testing: Testing of water meters for the water customers for the Harrison County Water Association shall be conducted in accordance with the specifications set forth in 807 K.A.R. 5:066 Section 15. The Harrison County Water Association shall, from the date hereof, comply with all testing facility and equipment requirements, with all accuracy requirements and with all periodic testing requires set forth in 807 K.A.R. 5:066 Sections 15 - 17. That if any customer request that the meter be checked to determine accuracy, the Water Association will comply with such request as soon as it can, however, if the meter checks out accurate within standards set forth in applicable KAR sections, then the cost of this shall be borne by the customer. If the meter is inaccurate, the cost of the check shall be borne by the Water Association.

20. BLOW-OFF HYDRANTS AND FIRE HYDRANTS

Most hydrants installed on the distribution lines of this Water Association are for the primary purpose of flushing the lines, or other uses by the Association necessary for proper maintenance of the lines. Thus, they are blow-off hydrants and not fire hydrants while the secondary purpose might be to assist fire protection units in the performance of their duties, the Harrison County Water Association, Inc., is not responsible for, nor does it guarantee, any minimum pressure at these hydrants, other than the minimum pressure required by the Public Service Commission for distribution lines unless there is an emergency from the water supplier in which case the Association shall see that minimum pressure is restored as soon as possible. Any damage to the distribution lines, resulting from excessive pumping pressure applied by any fire fighting unit will be the liability of that unit. The only exceptions thereto are the hydrants installed in Berry, Kentucky, and Ruddles Mills,
