1. DEFINITIONS APPLICABLE TO RULES AND REGULATIONS (Cont'd.)

- (3) a building owned or leased by one party, having two or more apartments, offices, or suites of offices, and using one or more halls and entrances in common; or
- (4) a double house having a solid vertical partition wall or a building erected as a single family residence served through one street service connection and subsequently converted into apartments or offices or a combination of such, and where separate water supply plumbing would not be practicable; or
- (5) each residential or business single occupancy unit, served through one street service connection in a building which is not a premises otherwise defined in these Rules.
- (g) "Special Fire Connection" is one to which is attached fixtures from which water is taken only for the extinguishment of fire.
- (h) "Temporary Service Connection" is one which is installed for the temporary use of water, including service to individual mobile homes. Provided: They are located on lots having a curb line abutting on that part of a street or public highway in which there is, or is to be, located a distribution main of the Company extending for at least one-half of the frontage of the lot on said street or highway.
- (i) "Private Fire Hydrant Service Outside Lexington City Limits (Other Than for Industries, State or County Institutions)" is available to areas in advance of annexation and the assumption of responsibility for public fire hydrant charges by a unit of government in accordance with Rule 7 herein.

2. RULES AND REGULATIONS GOVERNING RENDERING OF SERVICE

- (a) The Rules and Regulations in their entirety as hereinafter set forth or as they may hereafter be altered or amended in a regular and legal manner shall govern the rendering of water service and every customer upon signing of an application for water service or upon the taking of water service will be bound thereby.

6. APPLICATION FOR PRIVATE FIRE SERVICE

- (a) The extent of the rights of the Applicant for private fire service is to receive, but only at times of fire on said premises, such supply of water as shall then be available and no other or greater. The Water Company shall not be considered in any manner an insurer of property or persons, or to have undertaken to extinguish fires, or to protect any persons or property against loss or damage by fire, or otherwise, and it shall be free and exempt from any and all claims for damages on account of any injury to property or persons by reason of fire, water failure to supply water or pressure, or for any other cause whatsoever.
- (b) Service connections for water to be taken for the extinguishment of fire shall be made only upon the terms as provided for in the "Application for Special Connection": for such service, a copy of which is on file in the Company's office, and then only after such license has been approved in writing by the President or Vice President and Manager, as well as by the Chief of the Fire Department.
- (c) A gate valve with indicator post controlling the entire supply shall be placed at the curb or property line of the street in which the main is located or at such other point as may be approved by the Company, and said valve shall be furnished by and at the expense of the Customer, and any valve pit or vault which may be required shall also be furnished by and at the expense of the Customer.
- (d) The Company will make the connection to its mains at the cost and expense of the Customer, and the street service connection from the main to the property line will be furnished, installed and maintained by the Company by and at the cost and expense of the Customer.
- (e) The entire private fire service system on the Customer's premises shall be installed by and at the expense of the Customer and shall be subject to the inspection, test and approval of the Company before the service is made effective, and at such times thereafter as may be deemed necessary by the Company.

6. APPLICATION FOR PRIVATE FIRE SERVICE (Cont'd.)

- (f) A private fire service connection is furnished for the sole purpose of supplying water for the extinguishment of accidental fires, and the use of water from such a connection for any other purpose is absolutely forbidden.
- (g) Private fire protection service may at any time be furnished at the option of the Company through a line guarded by an approved fire line meter or detector device which shall be furnished and installed by the Company at the expense of the Customer. The meter shall be set in a brick or concrete vault or chamber, properly drained and protected, located at a point as near as possible to the curb line, and said vault or chamber shall be constructed and maintained by the Company at the expense of the Customer. The meter or detector device will be maintained by the Company, but at the expense of the Customer.
- (h) Hydrants and other fixtures connected with a private fire service connection may be sealed by the Company, and such seals shall be broken only in case of fire or as specially permitted by the Company, and the Customer must immediately notify the Company of the breaking of any such seal.
- (i) No pipe or fixtures connected with a private fire service connection served by the Company shall be connected with pipes or fixtures supplied with water from any other source.
- (j) Title to the service connection from the main to and including the meter or valve vault, located at or near the curb or property line shall, upon completion of construction, become vested in the Company.
- (k) The entire private fire service connection and all parts of it which are located outside of the property line of the Customer and any meter or other indicating or controlling device and all parts and appurtenances thereof no matter where located shall be under the sole jurisdiction of the Company.
- (l) The Company shall determine the size and location of any connections made to its mains for private fire service.

6. APPLICATION FOR PRIVATE FIRE SERVICE (Cont'd.)

- (m) The Customer shall furnish an accurate sketch or drawing showing the pipes, valves, hydrants, connections and appurtenances on the premises of the Customer and connected with the mains of the Company and also an accurate sketch of any other water pipe system and fixtures that may exist on the premises.
- (n) Whenever a fire service system is to be tested under the regulations of the fire insurance underwriters, the Customer shall notify the Company of such proposed test, naming the day and hour when same is to be made, so that, if desired, the Company may have an inspector present during the test.
- (o) All applications for private fire protection shall be subject to the written approval of the Chief of the applicable Fire Department, who, by such approval, shall affirm that, in his opinion, the public fire protection will not be endangered by the proposed connection to be made by the Company.

7. PRIVATE FIRE HYDRANT SERVICE OUTSIDE LEXINGTON CITY LIMITS (OTHER THAN FOR INDUSTRIES, STATE OR COUNTY INSTITUTIONS)

Private fire hydrant service in public streets and roads outside of the limits of the City of Lexington (other than those contracted for by industries, State and/or County institutions) is available to a developer of a new subdivision in advance of annexation of such area by a unit of government and the assumption of responsibility for public fire hydrant charges by such unit, and will be rendered only under the following conditions:

- (a) The developer (or a representative from the area to be served) must sign an "Application for Special Connection", a copy of which is on file in the Company's office.
- (b) The entire cost for labor, materials and other expenses incurred in installing the private fire hydrant connection, consisting of tapping the main and installing the hydrant branch and hydrant at a convenient point between the curb and property line, will be paid by the applicant and any work done by the Company in connection therewith will be at the expense and risk of the Applicant.

7. PRIVATE FIRE HYDRANT SERVICE OUTSIDE LEXINGTON CITY LIMITS (OTHER THAN FOR INDUSTRIES, STATE OR COUNTY INSTITUTIONS) (Cont'd.)

- (c) Advance payment for three years' hydrant rental charge will be required at the time contract is signed for private fire hydrant service.
- (d) A private fire hydrant is furnished for the purpose of supplying water for the extinguishment of accidental fires only and the use of water from such private hydrant for any other purpose is absolutely forbidden.
- (e) Water used for extinguishing accidental fires will not be charged for Prompt notice of hydrant use is to be given the Company in order that the installation may be inspected.
- (f) Title to the service connection and hydrant shall, upon completion of construction, become vested in the Company, which thereafter shall assume responsibility for maintenance and shall be under the sole jurisdiction of the Company.
- (g) The Company shall determine the size and location of connections made to its mains for private fire hydrants.
- (h) No private fire hydrant will be installed at a location where the normal flow from the hydrant is less than 500 gallons per minute with a 20 pounds per square inch residual pressure in the main serving the hydrant.
- (i) All water customers within 1,000 ft. of the private hydrant location, such distance being measured along public streets or roads, shall agree to pay such charges for this service as may be lawfully in effect from time to time, commencing with the expiration date of the initial three-year advance rental payment.
- (j) Failure to pay private fire hydrant rental charges shall be sufficient cause for discontinuance of water service to the property of the Customer after reasonable notice by the Company.

7. PRIVATE FIRE HYDRANT SERVICE OUTSIDE LEXINGTON CITY LIMITS (OTHER THAN FOR INDUSTRIES, STATE OR COUNTY INSTITUTIONS) (Cont'd.)

- (k) Commencing with the expiration date of the initial three-year advance rental payment, private fire hydrant charges will be billed annually in advance and included on water bill of each Customer within 1,000 ft. of the private fire hydrant location, which is first rendered after January 1st.
- (l) Private fire hydrant charges shall continue in effect until such time as a unit of government shall have annexed the area affected and agreed to pay public fire protection charges thereon.
- (m) The extent of the rights of the Applicant for private fire hydrant service is to receive, but only at times of fire on said premises, such supply of water as shall then be available and no other or greater. The Water Company shall not be considered in any manner an insurer of property or persons, or to have undertaken to extinguish fires, or to protect any persons or property against loss or damage by fire, or otherwise, and it shall be free and exempt from any and all claims for damages on account of an injury to property or persons by reason of fire, water, failure to supply water or pressure, or for any other cause whatsoever.

8. DISCONTINUANCE OF WATER SERVICE

- (a) Water service will be discontinued to any premises of temporary vacancy upon written request of the Customer, without in any way affecting the agreement in force, and upon payment of all charges due as provided for in the Rates, Rules and Regulations of the Company.
- (b) The Company will not discontinue the service of any Customer for violation of any rule or regulation of the Company or for non-payment of bills, except on written notice of at least ten (10) days mailed to such Customer at his address as shown upon the Company's records, or personally delivered to him or a member of his household, advising the Customer in what particular such rule has been violated, for which service will be discontinued if the violation is permitted to continue.

22. BILL ADJUSTMENT (Cont'd.)

- (f) The burden of maintaining measuring equipment so that it will register accurately is upon the utility; therefore, if meters are found upon test to register fast and if time for periodic test has overrun to the extent that one-half (1/2) of the time elapsed since the last previous test exceeds twelve months, the refund shall be for the twelve (12) months as specified in Section C of this rule and in addition thereto, a like refund for those months exceeding the periodic test period; provided, however, that the Commission may relieve the utility from this requirement in any particular case in which it is shown that the failure to make the periodic test was due to causes beyond the utility's control.

23. TERMS AND CONDITIONS OF BILLING AND OF PAYMENT

- (a) Private fire service charges shall be payable monthly in advance, except that charges made to governmental agencies shall be payable monthly in arrears.

- (b) Public fire service charges shall be payable monthly in arrears.

- (c) Bills for water service by meter will be rendered for monthly or quarterly periods at the option of the Company, and ending at such dates as may be determined by the Company.

- (d) Bills for private fire hydrants shall be payable quarterly in advance, except that the charges for private fire hydrant service outside of Lexington city limits (other than for industries, state or county institutions) shall be payable as set forth in Rule 7.

- (e) Special charges shall be payable upon demand.

- (f) All bills for water and service are due and payable at the office of the Company or at a designated branch collecting agency when rendered and are considered delinquent if not paid within ten days thereafter. Failure to pay will render the Customer subject to discontinuance of service and subject to charge for disconnecting and reconnecting service. If any bill for water service is not paid within ten days following the submission thereof, the service may be discontinued in accordance with Rule 8. Discontinuance of Water Service.

CLASSIFICATION OF SERVICE
SERVICE CLASSIFICATION NO. 6

APPLICABLE

Applicable to the entire Service Territory of Kentucky-American Water Company.

AVAILABILITY OF SERVICE

Available for Residential, Commercial, Industrial, Other Public Authority and Sales for Resale customers.

RATES

- (R) Kentucky-American Water Company in accordance with the tariff shown in Third Revised Sheet 55
- (N) shall be a rate of \$.0091 per 100 gallons, \$.0913 per 1,000 gallons or \$.0683 per 100 cubic feet.

Except for rate changes imposed by the Kentucky River Authority, which will be put in effect immediately upon notification of such change by the Kentucky River Authority, this fee will be adjusted annually beginning January, 2002 to reflect any over or under collection of Kentucky River Authority fees existing at the time of the adjustment.
