RULES AND REGULATIONS

Meter Reading will be done on the first five days of each month with bills to be mailed on the fifteenth of the month. Revenue will be collected at his office from the 20th thru the 30th of each month. All bills collected after the 30th will be charged a 10% late fee. The books for the previous month will be closed the 10th of each month.

The Commission Board will conduct monthly meetings on the first Tuesday of each month to approve and pay invoices, discuss problems with Mr. Russell and approve new customers and other routine business. The district will have, if necessary, the Engineer and Attorney present should their advice be needed.

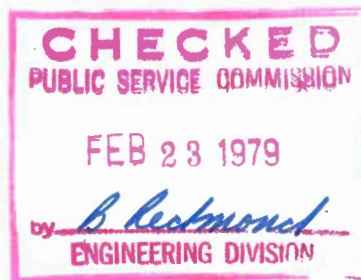

The existing trailer parks will be served through a master meter assigned to the trailer park owner. The owner of the trailer park will install and/or pay all costs for installing the lines, master meter, etc., necessary to provide the service to each trailer space.

The owner will be responsible for the water bill for the entire trailer park. Maintenance of the lines within the park will be the owner's responsibility.

The minimum rate shall be determined by the engineers based upon the size of the trailer park (units).

Said owners will be responsible to pay the district the appropriate tap fee as determined by the Commission in order to receive service through the master meter.

The above method of determining the water bill is to apply to existing trailer parks and expansions thereof. Any new trailer parks will be individually metered and each mobile home must have its own water tap and meter and receive service from the district as one customer each.
