Credit/Debit Cards

All customers may pay their bill by credit or debit card. This method of payment may be made only by telephone.

If on the bill due date an attempt to pay by credit card or debit card is made and the card is declined for any reason, payment is still due in full on that date and will be considered late after that date. All late charges and penalties will be applied. If a customer is paying on our disconnect day and the card is declined, the same rules as above apply, in addition to service being disconnected.

When a customer makes a payment by credit or debit card, the utility will assess a fee equal to that charged to the utility by the credit or debit card processing company to process the transaction. The fee will be \$2.99 per transaction.

Prior to processing the transaction, the customer will be informed of the fee amount.
