- A. Bills for water service shall be due and payable when rendered and if not paid within ten (10) days, the late payment charge set forth in this tariff shall be added to the bill. Such late payment charge shall accrue whether or not water service is discontinued for delinquency in payment of the water service bill. The late payment charge will be assessed only once on a bill for rendered services. Additional late payment charges shall not be assessed on unpaid late payment charges. (T)
- B. In the event that water service is discontinued by reason of delinquency of the water bill, the reconnection of water service shall not be made until the delinquent party has paid to the District the delinquent bill plus the disconnection and reconnection fees set forth in this tariff. (T)
- C. The disconnection fee will be assessed to disconnect service that has been terminated for non-payment of service or for violation of utility or PSC rules and regulations.
- D. The reconnection fee will be assessed to reconnect service that has been terminated for non-payment of service or for violation of utility or PSC rules and regulations.
- E. The meter test fee will be assessed when a customer requests the utility perform a test on the customer's meter to check for accuracy and the test shows the customer's meter is not more than two percent (2%) fast. The utility will perform such test on any meter upon written request of any customer if the request is not made more than once every twelve (12) months.
- F. With the exception of fire departments as set forth later in this tariff, no free use of the service and facilities of the water distribution system of the Milburn Water District shall be granted or permitted to any person, firm or corporation, including the District itself.

D. Deposits.

1. The utility may require a cash deposit or other guarantee to secure payment of bills.
2. Service may be refused or discontinued if payment of requested deposit is not made.
3. An equal deposit amount for each class of customers will be established based on the average annual bill of customers in that class, not to exceed two-twelfths (2/12) of the average annual bill of customers in each class.

5/8" x 3/4" METER

\$80.00

4. Deposits may be waived for a customer showing satisfactory credit or payment history. In determining whether a deposit will be required or waived, the following criteria will be considered: (a) Previous history with the utility. If the customer has no previous history with the utility, statements from other utilities, banks, etc., may be presented by the customer as evidence of good credit; (b) Whether the customer has an established income or line of credit; (c) Length of time the customer has resided or been located in the area; (d) Whether the customer owns the property to be served; (e) Whether another customer with good payment history is willing to sign as a guarantor for an amount equal to the required deposit.
5. Interest will accrue on all deposits at the rate prescribed by law beginning on the date of the deposit. Interest accrued will be refunded to the customer or credited to the customer's bill on an annual basis. In situations where a customer leaves the system with less than one year's service, since beginning service or since the customer's last interest payment date, interest will be refunded or credited to the customer on a prorated basis.
6. Deposits will be refunded to customers after 12 - months if the customer has established a satisfactory payment history or upon termination of service.

MONITORING OF CUSTOMER USAGE

At least once annually the Company will monitor the usage of each customer according to the following procedure:

1. The customer's annual usage for the most recent 12-month period will be compared with the annual usage for the 12 months immediately preceding that period.
2. If the annual usage for the two periods are substantially the same or if any difference is known to be attributed to unique circumstances, such as unusual weather conditions, common to all customers, no further review will be done.
3. If the annual usages differ by 100 percent or more and cannot be attributed to a readily identified common cause, the Company will compare the customer's monthly usage records for the 12-month period with the monthly usage for the same months of the preceding year.
4. If the cause for the usage deviation cannot be determined from analysis of the customer's meter reading and billing records, the Company will contact the customer by telephone or in writing to determine whether there have been changes such as different number of household members or work staff, additional or different appliances, changes in business volume, or known leaks in the customer's service line.
5. Where the deviation is not otherwise explained, the Company will test the customer's meter to determine whether it shows a average error greater than 2 percent fast or slow.
6. The Company will notify the customers of the investigation, its findings, and any refunds or backbilling in accordance with 80 KAR 5:006, Section 10(4) and (5).

In addition to the annual monitoring, the Company will immediately investigate usage deviations brought to its attention as a result of its on-going meter reading or billing processes or customer inquiry.

RULES & REGS

FIRE DEPARTMENTS:

Any city, county, urban-county, charter county, fire protection district, or volunteer fire protection district ("User") may withdraw water from the utility's water distribution system for fighting fires or training firefighters at no charge on the condition that it maintains estimates of the amount of water used for fire protection and training during the calendar month and reports the amount of this water usage to the utility no later than the 15th day of the following calendar month.

Any User that withdraws water from the utility's water distribution system for fire protection or training purposes and fails to submit the required report on water usage in a timely manner shall be assessed the cost of this water. A User shall submit a monthly report even if it withdraws no water for fire protection or training purposes.

A non-reporting User's usage shall be presumed to be 0.3 percent of the utility's total water sales for the calendar month. A non-reporting User may present evidence of its actual usage to rebut the presumed usage. The utility shall consider this evidence and shall adjust the presumed usage amount accordingly.

The non-reporting User shall be billed for this usage at the lowest usage block rate regardless of customer classification that the utility charges.

A non-reporting User shall also be assessed a penalty of \$ 1.00 for each failure to submit a report in a timely manner.
